U.S. Coast Guard Boat Inspection

Correction

It was reported in last month's Newsletter that starting this year it is mandatory to have a CG Inspection sticker displayed on your boat if you venture on Lake Michigan. We based this on what we thought was a reliable source. We checked with the Coast Guard and to find out, this is only a rumor and it's false. While it is good practice to have your vessel inspected, it's not required. We apologize for any inconvenience this may have caused our members.
