## Here's a simple recipe for a Homemade Lemon Drizzle

Things you will need:

225g  
unsalted  
butter

225g  
caster  
sugar

4 eggs

225g self  
raising flour

4 tablespoons  
brown sauce

1 1/2 lemons  
of lemon juice

85g caster  
sugar

## Wash hands before beginning

- 1) Pre heat the oven to 180 degrees Celsius or gas mark 4
- 2) In a bowl, beat the softened unsalted butter and caster sugar until the texture is creamy and pale
- 3) Now add the 4 eggs, ensuring that you mix them in slowly and one at a time for smoothness (Tip: mix the eggs in slowly)
- 4) Sift in the self-raising flour and mix thoroughly. Once this is done, add in the finely grated lemon zest and continue mixing (Tip: zest is grated lemon skin and should be grated finely)
- 5) Line out a loaf tin with greaseproof paper, then using a spoon add the mixture. (Tip: using the rear end of a spoon level off the top)
- 6) Place in the oven for 45 – 50 minutes (Tip: using a skewer or a blunt knife, pierce the cake in the centre and if it comes out clean the cake is ready)
- 7) While the cake is cooling down, mix together the fresh lemon juice and caster sugar to complete the drizzle
- 8) Once the cake is cooled down, use a folk to poke holes through the top of the cake and pour over the drizzle (Tip: piercing holes in the top allows for the lemon drizzle to get into the cake and sugar to form inside. This also makes it crispy)

**Now finally, once cooled... enjoy!**
