

IN LOVING

memory of

SIMON BUSUTTIL

29.07.1964 - 31.01.2026

THURSDAY 26 MARCH 2PM

LONG FURLONG BARN

“I’m a believer that’s what is
good for birds is good for
people.

By protecting wetlands and green
spaces and creating space for
birds we are creating space for
ourselves.

...These things that don’t weigh
any more than a teabag and
travel hundreds of thousands of
miles are one of the wonders of
the world. One of the wonders of
God’s creation...”

-Simon Busuttill

—

Please join us for refreshments & a light
buffet in the main barn.

Simon was in the process of writing a comprehensive book of the bird species in The Turks and Caicos. We hope to publish this book this summer with proceeds going to Birds Caribbean (As Simon had wished).

Birds Caribbean have put together a Turks and Caicos Royal Tern team who are birding in Simon's honour and continuing his legacy. If you would like to support the charity then please donate here <https://givebutter.com/DonateBC>

Heartfelt thank you to Everyone who has supported Emily and Simon's family throughout this time.
