MUNICIPAL WATER DISTRICT

The City of Carterville services both our city residents as well as contract water sales for rural customers. Bills for water service are issued monthly with a minimum bill of \$25.56, additional usage is billed at .00631 for each gallon thereafter. **The bills are due by the 20th of each month at 4pm and late fees are assessed after the due date. Shut-off for non-payment will occur on the 25th at 7am.** Customers who fail to pay by the shut-off date will be assessed a \$35.00 administrative fee regardless of if the water has been physically shut off. There is an additional fee of \$30.00 to reconnect service.

To begin water service all customers are required to bring the follow items to City Hall....

- Rental Customers \$200.00 deposit + rental agreement
- Home Owners \$150.00 deposit + proof of purchase

We ask that residents please refrain from tampering with water meter pits in any way as damage could occur, this includes shutting off service at the meter. If a leak does occur, please report the issue to us and we will have an employee enroute to assist you. After hours issues may be reported to the Police Department and they will advise the on-call employee.

Office Hours are 8:00am to 4:00pm Monday through Friday.
After Hours Emergencies may be contacted 417-673-5303

MUNICIPAL SEWER DISTRICT

The City of Carterville maintains its own sewer system and sewage is treated at the Center Creek Wastewater Treatment Plant in Webb City. The city budgets just over 1/3 of the annual sewer revenue for dues paid to Center Creek WWTP.

The minimum monthly sewer bill is \$22.03 (0.00469/gallon thereafter) and usage charges are based on a three-month average of the customers water usage. **Due to heavy water use in the summer, the city will calculate annual averages early in the year to get the best base average and avoid high bills for our customers.** Bills are issued by the city each month as a portion of the water bill and are paid at City Hall or by mail.

For more information on this service contact City Hall.

SOLID WASTE DISPOSAL

HOUSEHOLD WASTE

Cartersville has a contract for service trash collection which is placed up for bids every five years and chosen based on rates and services offered. The current rate for trash service is \$14.21 per month with one poly cart provided through Republic Services and will be collected monthly on the same bill as your water and sewer. There are no bag limits at this time, however you may wish to contact City Hall for additional rules as to what may be rejected for pickup. For additional carts there will be an additional \$4.59 charge per extra cart.

Residents should have poly carts on the curbside no later than 6am on their day of collection. Residents living South of Main Street will be collected on Thursday and residents living North of Main Street on Monday.

SPRING CLEAN UP - The City of Cartersville offers an annual spring clean-up day. This date is set annually at our April council meeting, but typically occurs around May or June. Residents may leave larger than usual items curbside each week to lessen the need for additional trash service during annual clean-ups. Please call city hall by Wednesday at 4pm to be added to the pickup list...appliances will not be accepted.

The dates of the annual event are advertised on our website and the City provides flyers, which are available at the City Hall Office, Public Works Department, and at several businesses in town. You can also join our email blog to have this and other important events sent directly to you. Additional dumpsters will be available at public works during the annual clean-up; however, all vegetative waste must be taken to the Center Creek Waste Water Treatment plant in Webb City.

The History of Carterville

Officially founded in 1875, Carterville was not actually incorporated as a city until 1882. It is situated just east of and adjoining Webb City and about midway between Joplin and Carthage. Land on which Carterville is built was originally owned by a Mr. James George Leroy Carter in the 1860's. His farm about two miles northeast of the town in the Center Creek bottoms was for years, and as late as the 1960's, known as "the old Carter place". His father James Carter originally settled in Jasper County in 1841. For several years Carterville was little more than a mining camp when lead ore was discovered, but began to grow and be recognized for considerable commercial importance and was once even larger than its sister city, Webb City. Once boasting a population of over 12,000 residents, the city began its decline in size after WWI when the mining industry began to dry up.

SEVERE WEATHER CONDITIONS

The Police and Fire personnel closely monitor weather conditions in and around our city and follow these listed protocols to ensure our safety:

- All personnel will monitor NOAA watches and warnings as well as local media and/or dispatch updates throughout the entire weather event.
- At such time a tornado warning is issued for Jasper County and the City of Carterville is within the path, our sirens will activate. Both police and fire officers have the ability to activate our sirens by radio when needed.
- Prior to the sounding of our sirens, the Webb City School District will also send an activation signal to open all shelter doors. These community shelters are located at many of the schools in Webb City and at the Carterville Elementary on Hall Street.
- Please follow "Webb City Missouri Emergency Management Agency" on Facebook for additional info about shelters and updates on when they are open.
