RE: Client X (case # XXXX)

Dear Counsel:

Client X, my client, hereby objects, pursuant to Welfare and Institution Code section 355(c)(1), to the following double hearsay evidence contained in the ADDENDUM REPORT dated XX.

Page 4, Lines 1-9: These include statements by the Father regarding Mother's substance abuse. These are out of court statements that are being used to prove the allegation asserted. His statements regarding his drug use are party admissions. However, his statements regarding Mother's use are hearsay within the definition and cannot be used.

Page 4, Lines 12-28; Page 5, Lines 1-6: These include statements by the Paternal Grandmother. These statements are also double hearsay because they reference reports from her adult children. The Paternal Grandmother does not fall within the exception of Welfare and Institution Code 355 (c)(1)(C).

Page 5, Lines 16-26: These include statements by the Maternal Grandmother. These statements are hearsay. The grandmother does not fall within an exception of Welfare and Institution Code 355 (c)(1)(C).

Please feel free to contact my office with any questions or comments you may have.

Truly Yours,

Attorney
