Thank you so much for choosing Solutions Orthocare Group, LLC. It is a pleasure to serve you with your lower extremity needs. Our physical office location, The Orthocare Place, includes a full-line shoe, compression and medical equipment store. I have access to hundreds of different brands and products.

I can offer in-home (fees may apply) and virtual consultations as well and I have been in the field for 25+ years. Our networks include Medicare, Tricare and BCBS. Other networks can be utilized but a higher co-pay may apply, and GAP exceptions could be implemented when coverage is needed in rural locations.

Updated orders are posted on the website shown below under the medical documentation tab. Please find my company privacy statement along with Patient's Rights & Responsibilities and Medicare standards as well on our website **WWW.SOLUTIONSORTHOCARE.COM**.

Please schedule a visit with your primary care physician who needs to conduct an evaluation of your need. If you have questions on other products and services, please do not hesitate to ask! I know a great deal about everything from health care options to medical supplies.

Your satisfaction is my guarantee. Your consult today ensures accurate fit and assessment of function of the components ordered. Thank you again!

Fit for your health,
