

We have geo-textile fabric for sale!

We purchase a 300-foot long roll. The roll is 15 feet wide and you can order as many feet as you need. The cost is \$2.80/square yard.

Geotextile is used in grade stabilization structures, access roads, livestock watering facilities and other conservation applications.

Need Surveying/Marking Flags?

We sell them for \$7.50/100 Count,
white, blue or pink
