# CONTINUOUS *THROUGHPUT* SYSTEM

## EASY TO CLEAN PRECISION GRINDS ENCLOSED SYSTEM

With the helical spline blades and propeller action, herbs are auto fed though the Herbavator for a high precision grind.

Choose from small, medium, or large cage grates for preferred grind size.

## HERBAVOR VS. COMPETITORS

### MICROSCOPIC COMPARISON

HERBAVOR'S continuous *throughput* system retains a majority of the trichoms.<sup>A</sup>

COMPETITION'S outdated grinding method damages the trichoms and tears the herb.<sup>B</sup>
