

6 Month Health Guarantee & State Law

- The breeder shall provide you with a health record explaining what shots / vaccinations the puppy has received up until the time of sale.
- To preserve your rights, you must take your newly purchased dog to a licensed veterinarian for examination within 10 days of purchase. If a veterinarian determines within 10 days of purchase, that your dog is clinically ill or has died from injury sustained or illness likely to have been contracted on or before the date of sale and/or delivery, you have the following options:
 - a. Return the dog for a complete refund.
 - b. Return the dog for a replacement dog of equal value.
 - c. Retain the dog and receive reimbursement for the veterinarian fees to make the puppy healthy, not exceeding the purchase price.-These options do not apply where a seller, who has provided a health certificate issued by a veterinarian, discloses in writing at the time of sale the health problem for which the buyer later seeks reimbursement or to return the dog.
- We provide a 6-month Health Guarantee from the birth of the dog. If a licensed veterinarian determines that your dog has congenital or hereditary defect which adversely affects the animal's health or that your dog died from congenital or hereditary defect, you have the same options as outlined in the above section. Within 2 business days of a veterinarian's certification of your dogs' illness, defect or death, you must notify the seller of the name, address & telephone number of the examining veterinarian. Failure to notify the seller within 2 business days will result in forfeiture of rights.
- Refunds of reimbursements shall be made no later than 14 days after the seller receives the veterinarian certification. Veterinarian certification shall be presented to the seller no later than 5 days after you receive it.
- Registerable Dogs – If the seller does not provide within 120 days, all documentation to effect registration, you may exercise one of the following options:
 - a. Return the dog and receive a full refund of the purchase price.
 - b. Retain the dog and receive a 50% refund of purchase price.
- Buyer agrees the puppy is not being purchased for resale, will never be sold to a pet shop or puppy mill, and will never be used for scientific research.
- If you chose to return your dog for reasons unrelated to health issues (Examples: Changed mind, landlord won't allow, can't afford food &/or etc...) within 7 days of purchase date. There will be 50% refund. If returned after 7-14 days, there will be a 25% refund. After 14 days, there will be no refund.
