

Tulsa Garden Club is proud of its student grants program! For decades, the Club, Members, and community donors have raised funds to offer financial aid for students, promoting study in horticulture and landscape architecture and/or other related or allied subjects. *Learn more at TulsaGardenClub.org*

National Garden Clubs, Inc.'s belief that "financial aid will yield vast returns in developing horticulturally-oriented adults today for better tomorrows," the Club's assistance helps these scholars graduate to begin their own nurseries and landscape businesses, or to become professors, researchers, and consultants in their fields of expertise. These successes perpetuate the Club's gardening education vision.

Approximately \$265,000 awarded, since 1958, to students at **Oklahoma State University, Stillwater, Oklahoma.**
