Camp Big Sky Has That WOW Factor

Contractor/Home Inspectors own home.

Originally meant to be a flip, we fell in love with the quiet mountain views, the fresh spring water and being close to everything the Adirondacks has to offer!

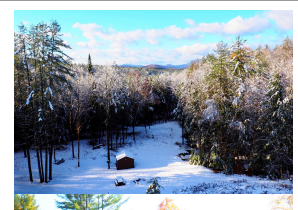

Our full renovation began in 2009 with continual updates. We made this an energy efficient comfortable 4-season home, easy to own, operate and shut down for away time. Cedar planking in basement with a hot tub for a soak after skiing nearby Gore Mountain.

Acrylic two person Steam Sauna. Large Master Suite w/Walk-In Closets. Fully appliance and furnished.

And Sooo Much More ~ Just move in & live the life...
