## About

The Lonely Teardrops are a lo-fi vintage rock and roll trio who dabble in surf with a punk attitude and a country heart.

## Live Show

Their energetic live show is a go-go footstomping affair guaranteed to have people dancing. They play a mix of originals and covers. Their covers tend to be B sides and deep cuts.

A GO-GO combo, steeped in 60's Mod Girl Garage with a tablespoon of Soul, Blues, and Surf.
