

Hello Ladies,

If you are reading this message, Welcome to our commUNITY.

First, I would like to introduce myself. I am Tiara Lyons, the founder of the social media platform and brand, Brown Girls Purple Lips. Brown Girls Purple Lips is an awareness platform geared to domestic violence recovery, cancer, lupus, homelessness, epilepsy, substance abuse recovery, and other purple ribbon causes alike. Our mission is to educate and be supportive of our Brown Girl Community, and those who are growing through or recovering from these ailments. Our trademark is wearing purple lipstick to show our support for our purple ribbon warriors. In addition, to growing a large collective of Brown women to support each other, we also engage in donation drives & events that are open to the community to help foster campaigns surrounding these causes. If you are fascinated by our mission, causes, and or our energy, please join us as we support one another.

Purple Kisses,
Brown Girls Purple Lips Founder,
Tiara Lyons
