2025 Official Rule Book

www.kerrcountystockshow.org

**Heavenly Father,
We thank you for gathering us to participate in the annual Kerr County Stock
Show. We ask you for your continued blessings for all who enter
the fairgrounds.**

**For the youth exhibitors: please bestow unto them confidence and
sportsmanship as they enter their many animal projects for judging. May
they continue to grow and develop as successful young men and women in
their journey in this very worthwhile endeavor.**

**For the volunteers and parents: we ask for your strength and guidance to
be the best leaders we can be for the young people who have entered this
show. Let us focus our efforts on their well-being and give us the means to
build them up in a positive light. For the youth are our future and we rely
on them to stand where we are today.**

**For our community: We are blessed to be citizens in the land of freedom –
the United States of America, and the great state of Texas. We thank you
for the enduring support from the many sponsors and members of the
crossroads who have made our show possible every year.**

**As we walk these fairgrounds, may we continue to praise you and be your
good servants. For as it is written in the book of Matthew: let your light
shine before others, that they may see your good deeds and glorify your
Father in heaven.**

In Your Name, we pray.

2025 DEDICATION

Jim and Julie Behrens

Jim and Julie Behrens, both raised in Kerr County, have deep roots in the livestock show association. As youth exhibitors, Julie raised and showed hogs while Jim showed lambs, chickens, and hogs. Their experiences and the guidance from adult leaders inspired their commitment to the organization and the community.

Julie served 23 years on the General Board, contributing to the swine committee, buyer appreciation committee, and served as fundraiser co-chair for two years. From 2009-2023, she helped coordinate the auction handling buyer check-in, buyer invitations and awards, and day-of events. Julie also served on both the ethics and bylaws committees. Jim served for more than 20 years on the General Board and 18 years on the Executive Board. He coordinated the auction facility setup for 15 years and helped design the auction's mobile stage.

Both Jim and Julie played key roles in the Swine Cartel's fundraising efforts to support exhibitors at the auction.

Their children were actively involved in the Kerr County Stock Show. They exhibited primarily hogs and steers, often showing animals produced by their own breeding programs. They also participated in various non-livestock events. All four children received scholarships from the organization and have contributed to the organization as adults. Jim and Julie are very proud that their first grandchild will become a fourth generation Kerr County Stock Show exhibitor in 2025.

While deeply involved in agriculture in various ways, neither Jim nor Julie pursued careers in the agriculture industry. Julie founded a non-profit childcare center in 2001 where she currently serves on the board and assists with financial operations. She is currently the Finance Director for the City of Kerrville. Jim retired from the Texas Department of Public Safety as a State Trooper in 2022 and currently owns and operates a DOT Safety Consulting company. They enjoy traveling, spending time with family, and spoiling their grandchildren.

Jim and Julie are deeply honored to receive this award. They believe strongly in the lasting impact of the organization and the crucial role of adult leaders who mentor youth, ensuring the traditions continue for future generations.

SPECIAL RULES

FORCE MAJEURE:

The KCSSA shall not be liable for any delay or failure to perform its operations, activities, shows and events to the extent such delay or failure results from a force majeure occurrence. A force majeure occurrence is defined as any occurrence arising from causes beyond the reasonable control of the KCSSA and which delays or prevents performance by the KCSSA otherwise required by this Agreement, including but not limited to any (i) breakage or accident to equipment, machinery, or facilities; (ii) and strikes, lock-outs or other labor difficulties; (iii) statutes, ordinances, regulations, orders, directives or rules issued by governmental authorities, including, but not limited to those concerning public health and safety, animal disease prevention, detection and response and/or protection of the environment; (iv) judicial decrees or orders; (v) acts of God; (vi) animal diseases and/or quarantines; (vii) wars, riots or insurrections; (viii) civil disobedience, public demonstrations or sabotage; (ix) fires, floods, explosions or inclement weather; (x) inability to obtain necessary labor, materials, supplies, utilities or transportation; (xi) depressions, recessions, or other economic downturns; (xii) embargoes or energy shortages; or (xiii) other causes beyond the KCSSA's reasonable control.

EMERGENCY EVACUATIONS:

Evacuation of Livestock: During such times as deemed necessary by local, state or federal authorities, the KCSSA, and/or its officials may evacuate the show grounds. Incidents such as but not limited to, bomb threats, acts of war, declarations of war, code red of the Homeland Security System, fire, etc. will be acted upon in accordance and cooperation with local, state and federal authorities. Priority evacuation will be given to human life, then livestock. In such cases, exhibitors and/or contestants will turn over the care of their livestock to the KCSSA. Proper animal husbandry practices will be followed within reasonable expectations. At which time the evacuation notice is lifted, then exhibitors/contestants will be allowed to reenter the show grounds and claim their livestock.

PROTESTS:

All protests must be in writing and be accompanied by a deposit of \$250.00 cash, which will be forfeited if the protest is not sustained. Such protest must state plainly the cause of complaint or appeal, and must be delivered to the Livestock Show management immediately at the conclusion of judging. Judging procedures will not be interrupted for protest investigation. Depending on the basis of the protest, a decision may be withheld until complete investigation is done. Protests concerning ages of the animals must be filed with the Livestock Show management two hours prior to the commencement of judging in the department.

ELIGIBILITY OF ANIMALS:

Upon reasonable request at any time during the feeding period, each Exhibitor agrees to produce for inspection by the Inspection Committee, his or her exhibits and documentation evidencing his or her ownership. Presentation of such documents shall also be required by the Show officials who receive the animal at the time of its arrival at the show. **ETHICS: THE SHOWING OF ANY ANIMAL THAT HAS BEEN ADMINISTERED ANY QUANTITY OF DIURETIC, UNAPPROVED GROWTH STIMULANT OR OTHER UNAPPROVED MEDICATION, OR THAT HAS NOT BEEN PROPERLY WITHDRAWN FROM APPROVED DRUGS IS PROHIBITED.**

SPECIAL RULES CONT.

This prohibition applies to all market animal entries, regardless if the animal is entered in the sale and to all breeding entries. "Unapproved" is deemed to mean not approved by the Food and Drug Administration (FDA) and/or the U.S Department of Agriculture (USDA) for that species. As a condition for participation in the KCSSA every exhibitor must agree to submit any animal so entered by him or her to inspection by a veterinarian appointed by the KCSSA, and agrees to have such animal submitted to any tests as may be designated and requested by the veterinarian, and agrees that the conclusions reached by the veterinarian shall be final, without recourse against the KCSSA, or any of its officers, directors, or employees.

Also as a condition for participation in the KCSSA exhibitor (market or breeding) entry will be required to have a certification form signed by: 1.) Junior Exhibitor, 2.) Parent or Guardian, 3.) County Extension Agent or Ag Science Teacher. This certification form must be signed and returned with an entry card. No animal will be allowed to show without this certification form properly signed.

The KCSSA reserves the right to have blood, tissue, urine, or DNA laboratorial analysis made on any animal entered for competition. All samples shall be taken by persons designated by the KCSSA and tested in a laboratory chosen by the KCSSA. Reasonable care shall be taken with blood, urine, or other body substances to maintain the purity and identity of the sample. The only chain of custody required will be that routinely relied upon by veterinarians practicing in and around the Kerr County area, or as otherwise designated by the KCSSA. The exhibitor agrees that he or she will cooperate with the person or persons charged with the responsibility of taking the sample from the animal. Failure to cooperate with testing procedures, or any doing or failing to do any act which will make it unreasonably difficult for the person with the responsibility of taking the sample shall be deemed a voluntary withdrawal by the exhibitor of the animal from the competition. This will result in forfeiture of placing, premium money, prizes, auction money, scholarships, and the exhibitor will be subject to being barred from future competition at the KCSSA.

An exhibitor of any market animal producing an analysis with any quantity of diuretic, unapproved growth stimulant or other unapproved medication, or any approved medication within any withdrawal time will forfeit all premium money, prizes, auction money, scholarships and will be subject to being barred from future competition at the KCSSA. An exhibitor of any breeding animal producing an analysis with any quantity of diuretic, unapproved growth stimulant or other unapproved medication will forfeit all premium money, prizes, auction money, scholarships and will be subject to being barred from future competition at the KCSSA.

Unapproved Drug Use:

The showing of any animal that has been administered during its life any quantity of any unapproved drug, chemical or medication is strictly prohibited. KCSSA maintains a ZERO TOLERANCE POLICY for unapproved drug use and unethically fitted livestock. Such drugs include, but are not limited to, any diuretic, any unapproved growth stimulant or other unapproved medication. Unapproved means not approved by the Food and Drug Administration (FDA) and/or the U.S. Department of Agriculture (USDA) for slaughter animals including those that may be destined for human consumption. Abuse of the extra-label privilege by veterinarians is unethical and is subject to serious consequences such as license revocation.

*SPECIAL RULES CONT.***Approved Drug Use:**

If an animal has been administered a drug that is FDA approved for its species, sufficient time must have passed so that the animal does not test positive for that drug upon arrival to the grounds. Animals must remain free and clear of all drug and chemical residues while on show grounds. Please note that elimination time (the time it takes for no drug residue to be found in the system) is typically longer than the labeled withdrawal time for most.

Consequences:

In the event any animal is declared by the veterinarian or testing agency to be unethically fitted or disqualified for any reason the KCSSA President will present the case to the Executive Board for evaluation. The exhibitor will likely forfeit all titles, awards, prizes, auction proceeds, premiums and scholarships for all entries if the animal and/or exhibitor is disqualified. Market/Floor money will be forfeited if the animal is condemned at slaughter. The Executive Board may temporarily decide to permanently bar the exhibitor and his or her family from any further participation in the KCSSA . Reinstatement of anyone barred may be made only by the Executive Board. Probation: An exhibitor may be placed on a probationary status if results of drug tests are inconclusive, confirmation of a primary test cannot be granted, or another situation questioning the ethical fitting of livestock arises. The probation grants the right for the KCSSA to collect ultrasound, D.N.A., blood, tissue and/or urine samples for laboratory analysis on any animal entered by an exhibitor on probation at the exhibitor's expense. An exhibitor may remain on probation for any amount of time and may be released from probation only by the Executive Board.

Unethical Fitting:

Unethical fitting is defined as any attempt to alter an animal's performance or alter the natural contour, conformation, or appearance of the animal's body, hide, hair, or feet by any unnatural means. Examples of unethical fitting include, but are not limited to:

- Treating or massaging any part of the animal's body, internally or externally, with an irritant, counterirritant, or other substance to temporarily improve conformation.
- Surgical alterations, excluding the removal of warts or horns
- Use of Injections
- Striking the animal to cause swelling in a depressed area
- Use of electrical contrivances
- Feeding of material not conducive to the health of the animal, safety of food or marketability of its carcass
- Blocking of nerves to prevent limping or switching of the tail
- The use of diuretics
- The use of alcoholic or carbonated beverages in the feed or administered as a drench
- The use of alternative treatments including, but not limited to: acupuncture, animal chiropractic services, electrical massage or laser therapy on show grounds.

SPECIAL RULES CONT.

It is the sole responsibility of the exhibitor to ensure that the animal is free of the prohibited drugs and substances. Knowledge on the part of the exhibitor with regard to the drugs or substances found in an animal is not relevant to any issue, and it shall not be a defense that a person or persons unknown introduced the prohibited substance into the animal.

If any animal requires emergency or medical treatment while on show grounds, only a show approved licensed veterinarian will be allowed to administer any drug, chemical or food additive with the notification of the Division Superintendent. If an animal is treated by a licensed veterinarian while at the show and the medication administered has a withdrawal time, the animal will be disqualified for sale purposes.

ELIGIBILITY OF EXHIBITORS:

(A) In order to exhibit or sell his/her project, the exhibitor must be academically eligible under UIL or other applicable rules, and the exhibitor must also be eligible to participate in extracurricular activities at the exhibitor's school. An ineligible exhibitor will not be allowed to bring his/her project to the show or participate in the sale. (B) Quality Counts verification will be required for all youth exhibiting livestock (market and/or breeding) at the Kerr County Stock Show. The verification process will require exhibitors to pass an online test that measures their knowledge on quality assurance and character education content items. A verification number will need to be provided at the time of making an official entry to the Kerr County Stock Show. Entries will not be accepted without the Quality Counts Verification Number.

NO PASS – NO SHOW – NO SALE.

GROOMING: No change of the major color pattern of the animal by painting or dying will be allowed. Any grooming material that allows color to come off from any animal will not be allowed at the show.

HOUSING OF LIVESTOCK: All animals are to be in their designated areas (barn, shed, or wash rack). Any exceptions must be authorized by the Superintendent.
