

## 2025 Kerr County Stock Show

### Message from the President

On behalf of the entire Executive and General Boards of the Kerr County Stock Show, I would like to take this opportunity to welcome you to the 81<sup>st</sup> annual Kerr County Stock Show and Sale. It is a true honor and a long-time goal to serve this organization as your President. This role became even more meaningful to me, when Bob Reeves pointed out that this was the first time to ever have two generations (father-son) serve as President of our organization. I hope the job that I do for the youth of Kerr County would make my Dad proud.

As many of you know, the Kerr County Stock Show is an all-volunteer organization and, has been for 81 years. What does that mean? Well, every bit of this production is the result of the hard work of someone who is passionate about supporting the youth of Kerr County. So passionate, that they give up their free time, vacation time, and probably a good bit of their work time putting this event together. I would like to take the opportunity to thank each and every volunteer and Board Member that tirelessly works for the success of this organization. A lot has changed in 81 years from when this show started, and as a necessity of growth, more change is to be expected. Change by most people's definition is not a good thing. I do not disagree that change can be difficult. However, rest assured, it is the goal of this organization to continue to evolve in an impactful and meaningful way. The sole goal of this organization is to have a positive impact on our Kerr County Youth. Currently this organization is working hard to reduce the budget and explore new ways to offset expenses, in hopes of greatly reducing or eliminating the sale commissions. I do not anticipate fully achieving the goal this year, but we will take impactful and meaningful steps to achieving it in the near future.

With all the turmoil and uncertainty in the world today, the "barn" has always been a safe place where we can go to forget the problems of the day in an unmatched therapeutic way. The "show barn" also offers this, but should be more recognized for its ability to develop future men and women. What do I mean by this? The hard work, life lessons, triumphs, failures, and real-life experiences that 4-H and FFA participants endure in the "show barn" set them apart from their peers, as well as most adults for that matter. This program helps transition them from children to adults who will be the leaders of our future. Your support of the Kerr County Stock Show Sale has a direct impact on the success of these kids, as well as the future of our world. Your support and investment in these young men and women will not fully be realized on sale night, but rest assured your investment will pay big dividends in the future.

Finally, I would like to thank everyone for your support and contributions to the youth of the Kerr County Stock Show. From award and buckle donations, ring sponsors, to the top buyer, none of this would be possible without you. I encourage you to look at the names around the show ring and the ones being called on auction night during the sale. These are your friends and neighbors, with direct ties to Kerr County. You will not see Amazon or any other web-based company supporting our youth. Keep this in mind when doing business, and support those that support our community. The impact these individuals have on our future, is far greater than the savings you may or may not be getting by not shopping with our local stock show supporters. Thank you for making this and every year a success; there is no other community like Kerr County.

Kerr County Stock Show President
