

TECUMSEH COMMUNITY DOWNTOWN “VISION” SURVEY UNDERWAY.

The City of Tecumseh, Nebraska, has contracted with Hanna:Keelan Associates, a Nebraska-based community planning and research consulting firm, to prepare a Downtown Revitalization-Phase I Plan for Downtown Tecumseh and surrounding properties of historic significance. An important component of this Plan is the distribution of a Community Downtown “Vision” Survey that will gather information from both the general public and Downtown businesses and property owners regarding general opinion about the Downtown environs and identifying priority improvement projects for the Downtown. These projects can include, but are not limited to public infrastructure, building façade improvements, business recruitment and retention, public safety enhancements and beautification.

The Survey will be available on select city websites and social media outlets, or by accessing the QR Code below. Surveys are to be completed by Friday, January 31st. Hard copies will be available at the Tecumseh City Hall and can be returned, when completed.

Please contact Doug Goracke, Economic Development Director, Tecumseh Public Works, at 402-335-7067 or dgoracke@tecumsehne.com for any questions.
