- We would prefer purchasing in Haiti to support local economy, save time, save money on shipping.

Sustainability

Historically , in times of crisis, Cité-Soleil and other ghettos are the first to be cut off, and the last to receive when activities resume.

The following items would greatly reduce CHF's dependence on suppliers , thus allowing us to provide much needed services more efficiently.

- Oxygen Generator w/ Cylinder Refill Capacity (x2)
- MRI Machine
- Complete Water Purification System for CHF - \$25,000 quote from SaniSuisse
- Laboratory Equipment / Microbiology
- Wood cutting, carving, finishing
- First/Aid CPR Training Manequins + Equipment
- Welding Equipment and Materials
- 30 Solar Panels + Complete System

Emergency Preparedness and Response :

Important Notes : Hurricane Season is approaching however, the impending dangers are overshadowed by the security and famine crisis. We at CHFF are requesting the following items to mitigate the damages during our preparedness and response efforts.

To support the local economy we would to purchase what can be found in Haiti locally
