

## **BLESSINGS**

RICH BARON © 2017

Wake me in the morning, cover me at night  
Shelter me inside the darkest storm  
Always give me warning, ever give me sight  
In the winter will you keep me warm  
In the winter will you keep me warm

Give me your direction, ...leave me peace of mind  
Without you, I'd circle in the sand  
Make me a connection, let me see the blind  
Help me do the work that is at hand

Cause Dad, without your blessings, just what would I do.  
I'd be like a dancer, dancin' with one shoe  
And how I love your rainbows, where one day I'll fly  
Over all the mountains way up high

Let me see the laughter in my children's eyes  
Help me fill the stranger's lonely need  
In the ever after after, may we all abide  
Fill my cup, yet hinder me from greed.  
Fill my cup, yet hinder me from greed.

Let me taste the sweetness of my lady's love  
Let me know the smell of sweet success  
Give me all the wisdom that is from above  
When I miss it, push me to confess  
When I'll miss it, push me to confess

Cause Dad, without your blessings, just what would I do.  
I'd be like a dancer, dancin' with one shoe  
And how I love your rainbows, where one day I'll fly

Over all the mountains, Over all the mountains,  
Over all the mountains way up high (2x)
