Boy's	1-6	—	—	—

#### 1. CHEST

Measure around the fullest part of the chest points. Keep the tape horizontal.

#### 2. NATURAL WAIST

Measure the narrowest part. Typically the small of your back where your body bends side to side.

#### 3. LOW WAIST

Measured lower than the Natural Waist. This is typically near the top of the hip bone. Men usually wear the pants here, lower on the body.

#### 4. HIP

Measure the fullest part of the hips. Keep the tape horizontal.

#### 5. INSEAM

Measure from the crotch to the bottom of the leg. This is for pant wear length.

Use a cloth measuring tape for sizing.

Body measurements are given in inches. If your body measurement is on the border between two sizes, order the smaller size for a tighter "athletic" fit or the larger size for a loose "relaxed" fit. \*Size charts define measurements of the body and not the garment.
