Database Management

- The association, with YOUR help, will work to build a database for ALL classes.
- Our website's sign up will include contact, year graduated, mailing address, phone & email.
- You will need to supply your class list in a database format to merge with our database.
- We will code both lists by class graduation year.
- The list will be updated on an ongoing bases.
- We will provide you an updated list as needed.
