Attention

While listening to the voicemail below, make a note for each time this relative says "together" or "visit".

"Hello! I was hoping we could get together for Thanksgiving? I know that you have to see your in-laws, but I hope you can make time for us, too. I plan to visit with my friend, Sue, on the Wednesday before Thanksgiving. Maybe we could go see her together? We usually keep our visits short. We could also go with the grandchildren to see a movie the weekend after Thanksgiving. I love seeing all of the kids together. Call me back! I can't wait for our visit."
