

ONE-SHEET THEME

Pediatrics Edition

Theme:
Spring

Spring is here!

With spring comes opportunities for growth, change, and everything NEW. Often there are thunderstorms that transform our gardens into beautiful canvases of flowery art. Use this time to talk about what is new and different in the world around you and your little one.

Vocabulary

Activity

Fruity Rainbow

Build a rainbow using fruits like those listed below:

- strawberries
- kiwi
- cherries
- grapes
- orange slices
- pineapple
- cantaloupe
- blueberries

Use mini-marshmallows to make clouds!

Books

The Spring Book by Todd Parr
Spring Stinks by Ryan T. Higgins
Worm Weather by Jean Taft

Core word

"different"

This is an important vocabulary word for when kiddos are trying to say they want to do something "different" or when there is something else they want to say that is not available on the page.

Practice commenting on the different colors you see emerging this spring, different feelings the weather brings, different seasonal fruits available, etc.

* If your child has trouble answering, don't pressure them, but instead provide the answer to model the word for them
