TENANT MOVE OUT INSTRUCTIONS

These are the instructions for proper move out. We know you will have a lot to keep track of during this transition. We hope this will make cleaning requirements more clear and organized for you. If you do have any questions, please call us at 208-495-5255, or send us an email.

An inspection will be done only after all your personal property has been removed and you have indicated you are finished in the property. If you would like to be present at the inspection, please contact the office in advance to schedule a time. It is not required that you be present. The keys and garage openers must be returned to the property manager at the time of inspection. You will not be able to re-enter the property after all keys have been turned in to the office.

Please fill out the Security Deposit Refund Form so we can send your deposit and final ledger statement. If this is not filled out, your deposit cannot be sent to you. ***If we do not receive a forwarding address for you, your final statement will be mailed to your last known mailing address (the address you are currently vacating).*** This may affect when you receive your final statement and any deposit refunds. If we are waiting for invoices related to your move out, we will notify you of any delay in your final statement before the end of the 30-day period.

We will not discuss your security deposit, cleaning or repair items at time of inspection.

If you vacate the property prior to the end of the lease term, you will still be responsible for the rent during the remaining term of the lease. However, we will do our best to try and lease the property quickly.

*Please note- if you hire a company to clean your home (or if you do it yourself) this does NOT guarantee the home to be 'rent ready clean' per our standards. If we need our vendors to do any additional cleaning, you will be charged for our services.

*PPM will arrange for carpets to be cleaned, and the cost will be deducted from your security deposit, per the terms of your lease.

***PLEASE LEAVE ALL UTILITIES ON!!! UTILITIES WILL BE REQUIRED FOR PPM TO CONDUCT AN EFFECTIVE MOVE-OUT INSPECTION.** Remember to deactivate your service account only after the inspection. **You as the tenant must contact the utilities to let them know you have moved and are ending service under your name at that address. We cannot do that on your behalf. DO NOT "TURN OFF" THE UTILITIES.** Simply tell them you want to "End service in your name" after the end of the day of the inspection. (When you end service, the utilities remain on and are transferred to an existing PPM service account).
