Est. November 2006

"A Sacred Warrior Fights Against Diabetes"

Vishal Raju Bhagat Foundation

History

On August 26, 2006, Vishal Bhagat, the only son of Mr. Raju Bhagat, lost his precious life in a drowning accident at Lake Corpus Christi. It was a heavy sorrow for him, his family and friends. We all understood the reality, and stood up for Vishal's noble and sacred war against diabetes. Vishal's spark of life motivated all of us. In November of 2006, we started the Vishal Bhagat Memorial Golf Tournament to raise funds primarily to fight against juvenile diabetes. This is the tenth year of this journey. Now, it has become a pressing mission - to fight against diabetes and raise awareness of the disabled within various communities.

Hope

One day, we all hope, we will find the cure for diabetes. The scientific community will make strides to beat this disease, which has affected so many of our brothers and sisters.

Future

The Vishal Raju Bhagat Foundation aspires to continue to broaden this movement through increasing participation in the Vishal Bhagat Memorial Golf Tournament and planning to add new satellite events in up-coming years. The Vishal Raju Bhagat Foundation is a platform upon which, ideas and thoughts are communicated. Our hope is that our efforts will provide the fuel, that when ignited by Vishal's spark into a flame, will produce the needed energy to eradicate diabetes.

Thank you very much for attending the 11th Annual Vishal Bhagat Memorial Golf Tournament. Your support as a sponsor, participant, or volunteer continues to make this a successful fundraiser and we deeply appreciate that. The Vishal Raju Bhagat Foundation primarily supports the Juvenile Diabetes Research Foundation, since Vishal wanted to raise awareness for juvenile diabetes (Type 1 diabetes) when he founded the Sugar Free Bowl. Over the years, we have also supported other causes including the American Diabetes Association which also raises awareness for Type 2 diabetes, the Miracle Foundation which sets up orphanages in India, Driscoll Children's Hospital, the local children's hospital, where the donations went to improve the Intensive Care Unit, and CHRISTUS Spohn Hospital-Alice. These are some of the notable causes we have been fortunate to give to because of the sponsors, participants, and volunteers. We look forward to continuing support to these causes and supporting other notable causes and charities in the future made possible by all of you.

Recent Diagnostic and Therapeutic Advances in the Biomedical Research and Clinical fields for Type 1 Diabetes Mellitus

Nicole J. Poritsanos, M.Sc. Ph.D.

Assistant Professor, Coastal Bend College, & Medical Liaison Officer Kleberg County, TX, USA

Type 1 diabetes mellitus (T1DM) is one of the most common life-threatening chronic diseases in children and youth, across all cultural and socioeconomic diverse backgrounds. This is an autoimmune disease, in which a person's immune system induces a cascade of self-destructive mechanisms in the insulin-producing pancreatic beta-cells. In the absence of insulin, cells are not able to take up glucose and convert it into energy, a process which is essential for the survival of the human species. Although, in the past 4 decades there has been an increase in T1DM patient survival rates, there is still an estimated decrease in life-expectancy by an estimated 13 years.

The incidence of T1DM has increased worldwide, as indicated by the annual number of 18,436 newly diagnosed youth suffering from this debilitating disease. In recent years, an even more alarming increase in the incidence of T1DM has been found in children younger than 5 years of age. In search of the etiology of T1DM, the biomedical scientific field has recognized that there is an interconnection between genetic predisposition and triggering environmental factors (i.e. viruses, toxins, pollution, & dietary factors) which concomitantly are contributing to the rapid development of T1DM during infancy, childhood and youth.

Clinical management of T1DM serves to be a major challenge due to the increase in incidence of other comorbid diseases, including autoimmune thyroid disease, Addison's disease, gastrointestinal motility disorders, celiac disease, bone impairment and systemic lupus erythematosus. Consequently, T1DM-comorbidities function to reduce even further the quality of life and increase short-term mortality (rapid death) in young patients. In addition to the standard insulin therapy, pancreatic and islet transplants have been the focus of long-term therapy. However, the decrease of graft survival rates over time has necessitated the development of alternative therapeutic interventions. Recent biomedical discoveries in the areas of molecular genetics and stem cell research have revealed that there is a potential for developing medicines and an adequate quantity of human insulin-producing beta cells to sustain therapeutic efficacy in transplantation, repair of pancreatic cellular damage and ultimately, healthy levels of insulin production.

For the betterment of human life and advancement of clinically applicable knowledge, it is vital to support biomedical research in T1DM, such that an early diagnosis of T1DM can be made that will subsequently lead to efficient use of preventative and regenerative therapies needed to restore glycemic control within the 'critical window' of therapeutic opportunity. This will enable the medical field to meet the milestones that are imperative to increase both the life expectancy and quality of life in our young and adult T1DM patient populations, who have every right to enjoy a fulfilling life.

by Nicole Poritsanos, Texas A&M Univ. - Kingsville

Make the Savings
Switch to the
Tide® Professional
Coldwater System

HOT **COLD**

Tide® Professional COLDWATER

Average National Savings

energy costs	up to 75%*
water costs	up to 40%**
linen replacement	up to 15%†

every experience counts.™ **P&G Professional®**

Tide® Professional COLDWATER **SAVE UP TO \$8,700††**
With the Tide® Professional Coldwater System

What if you could reduce your energy, water and linen replacement costs up to \$8,700 a year for a 150-room property††? You can with the Tide® Professional Coldwater System. It features an innovative wash process that reduces the number of fills, and uses an advanced formula with enzymes that help break down stains in colder water.‡ So you get the soft, white linens you expect from Tide® — plus savings you probably wouldn't expect from your on-premise laundry.

Contact your P&G Professional representative today at **1.888.474.7765** or visit **pgpro.com**

*When you switch to the Tide® Professional Coldwater System from a standard hot system. For guest room linens only. Applies to energy used to heat water in your washing machine only. **When you switch to the Tide® Professional Coldwater System from a standard hot system. For guest room linens only. Applies to water used in your washing machine only. †vs. leading alkaline system in 50-cycle test. ††Annual savings based on switching from a standard alkaline system to the Tide® Professional Coldwater System. Assume U.S. national average commercial water and gas costs according to Black & Veatch 2012/2013 report "50 Largest Cities Water/Wastewater Rate Survey" and the American Gas Association 2012 "Energy Industry Analyses and Statistics". Must have fully programmable washing machines to qualify for savings. Linen savings based on a 50-cycle test vs. the leading alkaline system. Savings assumes the standard competitive system is priced parity with Tide® Professional Everyday system (Tide® Detergent, Clorox and Downy) and uses Linen replacement cost data based on a study among Hospitality key decision makers in April 2014. ‡As low as 90F compared to regular Tide® Professional. Clorox is a trademark of The Clorox Co., used under license by P&G. © 2014 P&G

Property Taxes & Federal Income Taxes

Cost Segregation
One time low fee for years of tax savings

2. Federal Tax Reduction Division

Cost Segregation studies are recognized by the IRS as an acceptable method of accelerating the depreciation, thus potentially reducing owner's income tax liability. It also provides lower recapture upon sale. Look back studies allow the capture of previous years' missed depreciation on the current year's tax return.

HVS published an article on August 16, 2016 indicating the potential financial benefits to hotel owners, and urged them to contact their tax professionals for more details.

O'Connor & Associates provides affordable Cost Segregation studies to property owners Nationwide.

A Career Dedicated to Helping Families
Secure Their Financial Futures

परिवार

Sharan, Seema, Jaydev & Sachin Patel

Jaydev Patel credits his success to hard work, dedication and commitment to his clients. He believes first and foremost "what is best for your clients is best for you."

Jay says he is "heartened that the journey I started 40 years ago will continue. I have seen Sachin, Seema and Sharan grow and mature. And now I see them helping their clients just as I have my clients for all of these years."

Jay has passed along his values and knowledge to his children so they can continue to help our community plan for a secure financial future.

"We rarely have to sell products, because most of our clients have become friends. We value them as something more than clients -- as family members."

H-E-B

Helping Here:

**Working together.
Making a difference.**

Look around and you'll find us. We're in the classroom supporting education. We're fighting hunger with donations and warm meals. We're protecting the environment by recycling. We're volunteering our time for a worthy cause. And we're answering the call for help in times of need. In short, we're committed to Helping Here for one reason. We're proud to call Texas home.

education • volunteerism • hunger relief • environment • disaster relief

ED RACHAL FOUNDATION

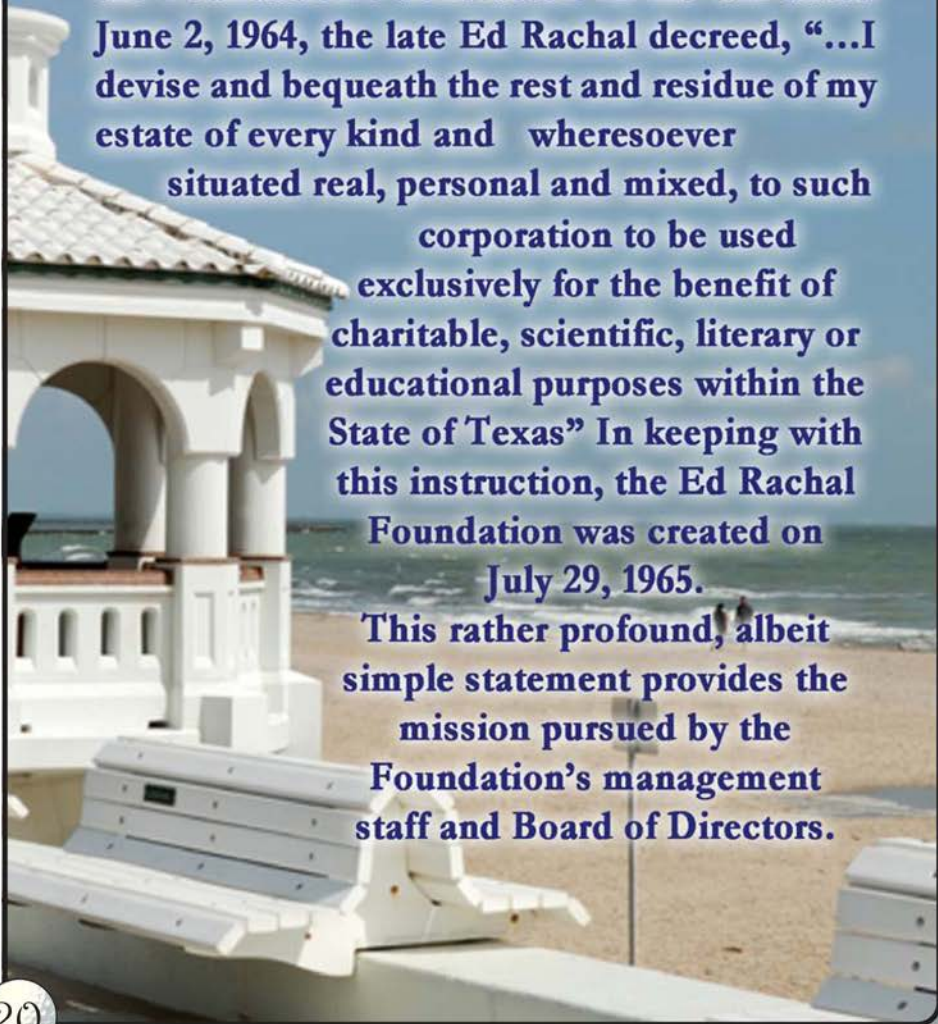

The Mission of the Ed Rachal Foundation is established by the last will and testament of the Foundation's benefactor. In his will dated June 2, 1964, the late Ed Rachal decreed, "...I devise and bequeath the rest and residue of my estate of every kind and wheresoever

situated real, personal and mixed, to such corporation to be used

exclusively for the benefit of charitable, scientific, literary or educational purposes within the State of Texas" In keeping with this instruction, the Ed Rachal Foundation was created on

July 29, 1965.

This rather profound, albeit simple statement provides the mission pursued by the Foundation's management staff and Board of Directors.

Chicago Title Commercial

National Commercial Services

Justin Kaplan | Chicago Title Commercial

Chicago Title Commercial is your single source for commercial title needs involving single-site, multi-site, and interstate real estate transactions of every size and type.

Contact Justin today at:

direct 713.238.9181
cell 713.444.6069
justin.kaplan@fnf.com

As one of only two national commercial offices in Texas, we pride ourselves as being the industry leader with unsurpassed experience and the “know how” to get transactions closed. From our in-house underwriting and legal counsel with over 50 years of experience, to our team of motivated Escrow Officers, we have the most efficient closing process possible.

Justin Kaplan, a marketing team member at Chicago Title Commercial, is committed to meeting the real estate objectives of each individual and institution we serve. Utilizing the skills gained as both an Energy Broker and Professional Athlete (playing two years as a professional golfer), Justin provides assurance, dedication, and a clear understanding to achieve successful results for every Chicago Title Commercial customer.

Having traveled around the country during his golf career with the natural ability to connect individuals, Justin serves as a resource for our clients by assisting with business development and marketing efforts. His significant experience in building and maintaining relationships, as well as his ability to understand a wide customer base makes Justin an asset to the Chicago Title Commercial team.

“Stay Express has created great brand awareness for me on a local and national level. When I signed up with Stay Express, they started working from day 1 and provided great brand support time and time again when it mattered the most.”

Hiren Patel
Stay Express Inn Dallas

“In only 4 months, Stay Express, has increased our bottom-line, decreased our franchising cost, saved us hundreds of thousands of dollars with a sensible PIP, and we couldn’t be happier with the marketing & support. Choosing Stay Express Hotel was a game-changing decision.”

Chirag Patel
