"A Sacred Warrior Fights Against Diabetes"

Geography wrestled with personal taste throughout the selection of a particular sport in which to participate. The sport or game may not necessarily be set in each player's home country, but all sports have facets with universal appeal.

Childhood fantasies and fears may vary according to culture, but similar emotions and lessons are recognizable everywhere. An example is the thrill of doing precisely what your mother says you should never, ever do. Vishal's real life game of hide and seek with diabetes is another example of a sport we can all understand. He had hoped to hide from the tricky disease, but ultimately was found, and lost that particular round. He fights on as we continue his legacy and take up his battle.

The Vishal Raju Bhagat Foundation celebrates the life of Vishal and carries forward his mission of fighting juvenile diabetes by granting funds for innovative research, improving education and advocacy within the general public, and improving the lives of children afflicted with diabetes and in need. The Foundation focuses its efforts on building sustainable relationships within our local communities to provide a positive, direct effect on the beneficiaries of its grants.

The primary fund raising event for the Foundation is the Vishal Bhagat Memorial Golf Tournament. Funds raised from this event have allowed for grants to various charities, including the Juvenile Diabetes Research Foundation, March of Dimes Foundation, American Diabetes Association, The Miracle Foundation, Driscoll Children's Hospital, and numerous local organizations. The Foundation is proud to host this event at NorthShore Country Club and has arranged numerous activities for you to enjoy throughout the weekend. Thank you for sharing and celebrating with us during this time.
