# Birds Of Prey

Owl Adventures was started in 2011 by Head Falconer Ryan Stocks. Ryan first started work in a bird of prey centre and instantly fell in love working with these majestic creatures. Naturally, Ryan soon decided to create his own company specialising in falconry and birds of prey shows in the United Kingdom. It has always been a privilege for Ryan to do something that he loves, and there is nothing more satisfying to him than combining his two great interests, birds of prey and entertaining people. At the core of the business is the welfare of the birds. Owl Adventures exists as a business by always putting the bird at the forefront of the business. Great steps are made to ensure that every bird is cared for and maintained in the best possible way. It is always the bird first, then business second. This is reflected in the passion and enthusiasm that many of the employees and volunteers have when working with and on behalf of Owl Adventures. It is with this enthusiasm and passion that Owl Adventures hopes to entertain as well as inspire future generations through its birds of prey shows and displays Nationwide.

# Aero Super Batics

## WingWalkers

### Display Team

Specialists in display flying for over 30 years

The AeroSuperBatics Wingwalkers were first founded in 1984 by Vic Norman. We have performed in 20 countries and are regular visitors throughout Europe, Asia and the Middle East.

You may have already seen us in action under our former sponsor guises as the Cadbury's Crunchie Flying Circus, the Utterly Butterly Barnstormers, Team Guinot or more recently as the Breitling Wingwalkers. We are currently looking for a new sponsor to join us for the 2021 season onwards

On average we perform around 60 public displays a year, entertaining over 6 million spectators at large live audience events. We are also able to perform at private events on request.

Our professional wingwalkers perform breathtaking acrobatics and handstands whilst strapped to the top wings of our 6 beautiful 1940's Boeing Stearman biplanes, as our pilots fly through a choreographed and energetic routine of dazzling aerobatics and close formation flypasts. These manoeuvres include loops, rolls, stall turns and inverted flight – all reaching speeds of up to 150 mph and 'G' forces of up to 4G's!

Book The Team

# The Global Stars Air Show Team

Mark Jefferies, Chris Burkett, Steve Carver, Chris Heames all British Champions, together they form the Global Stars aerobatic team – Specialists in Formation & Solo Displays

The Global Stars team provide spectacular formation air displays or solo air displays. For 2021 Mark has purchased the very latest, highest performance certified aircraft the EXTRA 330SC.

The team have flown many flying displays and air shows around the World in recent years.

Typically the Global Stars team lead by Mark Jefferies perform 3 International display venues per year. Tom flying as formation leader of the Global Stars. The next confirmed International is Wings India at Hyderabad March 2022. The Formation Aerobatic Championships, organised by Mark Jefferies and BLA, China took place 29th April – 1st May 2017 and was very successfully.

Mark is flying the new Extra 330SC; Chris Heames flies the Extra 300L, Steve the Extra 260, Chris Burkett Extra 300S. We will put on a stunning, world-class air display. Mark Jefferies has achieved great success and worldwide recognition as one of the most accomplished aviators in the UK; including 1st in Zhengzhou 2015 World Air Masters (WAM), 3rd in the Dazu 2011 WAM, ranked 8th in the World Aerobatic Championships in 2007 and 10th in the World 2009.

Nine times British aerobatic champion (Advanced & Unlimited). Mark Jefferies has spectacular manoeuvres, tumbles and spins in the Extra 330SC leaving pilots and spectators alike saying “how did he do that?” A flying display your audience will never forget... No show too large or small to attend. Corporate, Weddings and private parties a specialty – it’s not as expensive as you might first think and far better than fireworks. I’ve even got fireworks on the wings !

Mark bases his Extra 330SC at Little Gransden, Cambridgeshire ( ICAO EGMJ ) Gransden is a farm strip and has a main grass runway of 810 meters. The airfield is open to visitors either by road or by air. Gransden is the home of the Global Stars and as such, most likely you will find some aerobatic training taking place. Dual training in the Extra 300L or solo competition/air show training in the Extra 300s or 330sc.

International shows in the last few years have been:- Al Ain UAE, Avalon Australia, Bahrain, Sanicole Belgium, Anshun + Alxa + Dazu + Zhuhai + Zhengzhou China, Dubai, Finland,

# Sydney Charles Display Team

**Airborne Pyrotechnics are sponsored by Sydney Charles Insurance Services.**

**Based near Warminster, we are a father and son team.**

**Team Leader Tim Dews has been flying the Grob 109b for over 30 years all over the world. Tom Dews is the second pilot and went solo in the Grob on his 16th birthday as did his brother Ben. Matthew, the youngest of the three, not wanting to be outdone by his brothers, went solo in a glider at 14 as the rules had changed. We all fly gliders locally along with the motor gliders.**

**Tim and Ben import the Grob motor glider for customers all over the UK and run a composite aircraft repair business from the airstrip.**

**Airborne Composites ( the other half of Airborne Pyrotechnics ) developed the systems used in the pyrotechnic display over the last five years.**

# Bristol Balloon Collectors

Started by two Bristolian brothers, Bristol Balloon Collectors is an organisation of friends determined to keep the magic of these local treasures alive and to be enjoyed by the community for many years to come.

The majority of the envelopes in the collection have been built, based and flown locally to Bristol and Bath. Once a familiar sight in the skies over the region, these are the balloons we all remember and love from our childhoods. We save and display them now to bring a smile to the faces of those who remember them from years gone by, as well as to inspire the next generation to continue.

In addition to our local envelopes, we also are home to balloons from further afield and even overseas. We are lucky to also have some famous envelopes in the collection include a record setter, a replica of the Virgin Flyer and multiple large vintage special shapes, including Thomas the Tank, Rupert the bear, the Michelin man and the BBC globe.

# M J Ballooning

Welcome to MJ Ballooning.  
We are one of the largest  
special shape hot air balloon  
collections in the world,  
based in Bristol UK, with a  
passion for keeping the magic  
of these shapes alive and in  
the skies for many years to  
come.
