Greetings!

Mike's Bike Tours of Munich launched a mini-revolution in city sightseeing and became the undisputed world leader when it comes to offering **popular, fun and educational** sightseeing tours by bicycle. With 23 years of experience and consistent commitment to striving for ever-higher standards in numerous ways, we are proud to be offering the **best tours of our company's fabled history** in 2018, with the best bikes, guides and more, that we have ever had.

We hope to welcome you as our valued guest in Munich and send you off as yet another **FAN** of our company, very glad to have chosen to experience for yourself exactly why we have become **world renowned** and how we continue to strive to **truly deserve** our outstanding reputation on every one of our tours.

Visit us at our shop, directly around the corner from the REAR entrance to the world famous beer hall, the **Hofbräuhaus**. We can help you with free maps, advice, cold still water, free WiFi, bike rentals, information on our tours, of course, yet also offer package prices for booking 2 or more tours. You can however also pre-book the same combination offers at our website, which is also now better than it has ever been!

We hope to be showing you a great time while you're in Munich!

With kindest regards,

MIKE'S BIKE TOURS TEAM

A company is only as good as its personnel, and this is particularly true of any **TOUR** company for obvious reasons. In the later 1990s MBTs became, hands down, the most popular and talked-about activity for our target market in all of Europe because of how much fun our guests had on our tour with our guides back then. Throughout the history of MBTs our guides have always been among the best around but we are very proud that **our team is now better than ever** thanks to our commitment to consistent improvement over more than two decades!

We truly mean it when we claim to have “**the best tour guides around**” and expect our guests to understand why and agree that this bold statement is justified after they've been on any tour we offer, no matter who their guide is.

Treat yourself to a **superior experience** and tour while in Munich. We guarantee you will be **VERY** glad you did and send you off as another FAN of our company!

Don't just take our word for it! Check out some of the 4,500+ 5-Star reviews guests have written for us at [tripadvisor.com](https://www.tripadvisor.com)

This is our **original bike tour** of Munich which has always been roughly 4 miles in 4 hours. We spend one of these hours enjoying a very memorable lunch or supper in a unique and **very social atmosphere** from 1:30pm-2:30pm or 6:00pm-7:00pm, depending on whether you're on the 11:30am or 4:00pm tour.

This tour includes about 14 stops for commentary at points of interest and **covers most of the landmark structures in the city center** as well as a good portion of the renowned **English Garden** and a wonderful stretch on the bike path along the **Isar River**.

See more in 4 hours than most tourists do in 4 days!

Our Superior Bike Tour of Munich has a **lower maximum number of participants (16)** and includes significant stops that we don't have time for on our Classic Tour; the impressive Königsplatz and nearby site of the NSDAP Headquarters (Führerbau) where the Munich Agreement was signed in 1938. This tour is a bit more thorough, allowing time for more interaction with the tour guide and somewhat more in-depth information. As popular as our Classic Tour has made us, Mike personally recommends taking the Superior Tour for a superior MBT experience!

****Please note that our Classic tour is better suited for young children.**

As the name of this bike tour clearly implies, here we focus on the history of the Third Reich, which had its beginnings in Munich, in 1919. On this bike tour we take you to numerous sites which were associated with **Hitler's rise to power** while we tell you the **entire story** from the beginning, one interesting stop at a time. This tour has a significantly more academic character than our other tours and thus offers a more in-depth educational experience. It covers almost **all the major stops** which are on the Superior Bike Tour as well as a few more. Our Third Reich Bike Tour also stops at Munich's most popular beer garden for a 30-45 minute lunch break as well as ride through a portion of the English Garden.

LINDERHOF CASTLE TOUR

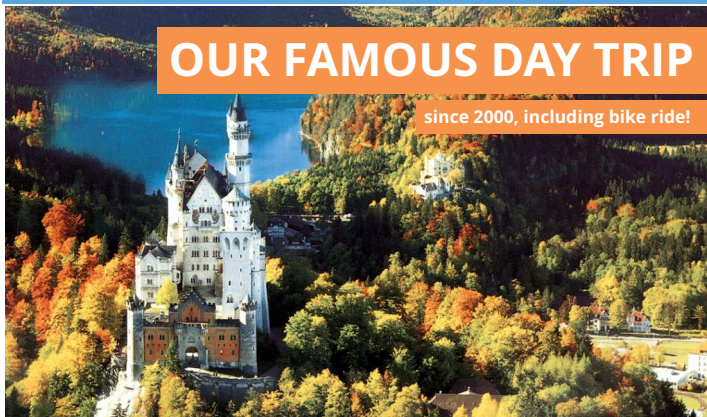

Enjoy a relaxing, stress-free, zero hassle and all-round top-notch tour by luxury coach through some of the most scenic areas in all of Germany on our way towards the Bavarian Alps to the enchanted Linderhof Palace, the only of the Ludwig II's 3 majestic projects which was 100% completed. After a short stroll through the palace's beautiful baroque garden (not in winter) and the tour of the palace interior we stop by the famous village of Oberammergau for a brief visit before proceeding on a lovely 45 minute rural drive to the main attraction, the legendary Neuschwanstein Castle. There we first enjoy an excellent lunch at a local brewery before we ascend the crag (mini mountain) atop which Neuschwanstein stands, which is either a 30 minute walk (uphill) or a short bus ride (2€, yet not offered / possible in winter!). After a visit to the bridge from which we have the best view of the castle (not in winter!) and the tour of the castle's interior we walk back down together and finally, just prior to departure, we view Schloss Hohenschwangau up close, the castle where Ludwig II grew up. Departure is at approximately 5:15 with arrival back in Munich between 7:00 – 7:30 p.m.

TOUR INCL. BIKE RIDE

This is the tour that Mike's Bike Tours / Bus Bavaria has been offering since May of 2000 which has earned us well over 1000 5-star reviews on Trip Advisor under Bus Bavaria as well as the hundreds which have been posted (somewhat incorrectly) under our listing for Mike's Bike Tours. We do not visit Linderhof Palace nor the village of Oberammergau on this tour. Instead, we use the extra time thus available to enjoy a relaxing bike ride through the valley below Neuschwanstein while ceaselessly savoring the amazing view of the two castles Neuschwanstein and Hohenschwangau with mountain peaks behind them. We do this bike ride rain or shine. It's not often that rain diminishes our enjoyment of this part of our day but when it does it certainly helps to have an appropriate jacket so please bring one just in case, no matter what the weather is like in Munich when you leave your hotel in the morning! On warm summer days we also break for a swim at a wonderful alpine lake so if this sounds like fun to you come prepared! For those less interested in the bike ride for whatever reason there is the option to do the tour of the interior of Hohenschwangau castle instead, and this decision can be made virtually last minute, after arrival! On this tour we also enjoy lunch together at a local brewery, walk uphill or take the bus up to Neuschwanstein and arrive back in Munich between 7:00 – 7:30 p.m.

DACHAU TOURS

"In Their Shoes"

One of the top rated Dachau Tours on TripAdvisor

March 1933, not long after Adolf Hitler came to power one of the first concentration camps was opened near Dachau, a town NW of Munich. Over the next 12 years more than Two Hundred Thousand people were incarcerated in Dachau, which became synonymous with the suffering, oppression, misery and death under the brutal watch of Heinrich Himmler's SS. Dachau was known as the "school of terror", the training grounds for the SS and became the model for all other camps throughout the German-occupied territories, resulting in the death and suffering of countless innocent victims at the hands of the tyrannical Nazi regime.

This authorized tour of the Dachau Memorial traces the history of the former concentration camp and offers insight into the reasons behind the injustices as well as the circumstances under which the inmates suffered.

Transportation and an accredited **native English speaking guide** are provided in the tour costs. Reservations not needed. Check website for updated dates and availability.
