

KITCHEN MEASUREMENT GUIDE

LET'S GET STARTED

The process of renovating your kitchen starts with taking accurate measurements for your new cabinets. Follow our step-by-step measuring guide and email your information to us yuliyanna@imperiumpros.com or visit <https://imperiumpros.com/estimate-%26-contact-us/ola/services/free-estimate-in-home-visit> to get started today. Our professional design team will work with you throughout the entire process to ensure we develop the kitchen you will love for years to come.

Step 1: Take some measurements.

Total Room Dimensions

Measure each wall of the room and the height from the floor to the ceiling.

Take note of any obstructions like windows, appliances, doors, soffets, crown molding, etc.

Wall 1 Width: _____ Height: _____ **Floor-to-Ceiling Height:** _____

Wall 2 Width: _____ Height: _____

Wall 3 Width: _____ Height: _____

Wall 4 Width: _____ Height: _____

In-Depth Room Dimensions

Make an indication of which way your doors open, while also measuring the height and width of each entrance to your kitchen. Take measurements of height and width of your windows, while also notating the space between the floor/bottom of the window/ceiling.

Doorway 1 Wall# _____ Height: _____ Width: _____ Distance from Corner: _____

Doorway 2 Wall# _____ Height: _____ Window Width: _____ Distance from Corner: _____

Window 1 Wall# _____ Window Height: _____ Distance from Corner: _____
Floor to Window: _____

Window 2 Wall# _____ Window Height: _____ Window Width: _____ Distance from Corner: _____
Floor to Window: _____

Window 3 Wall# _____ Window Height: _____ Window Width: _____ Distance from Corner: _____
Floor to Window: _____

PRO TIP: Snap pictures, send them to us with your measurements

Appliance Dimensions

Find the dimensions of every appliance in the kitchen. If you plan on purchasing new appliances, it's essential to have those measurements so your cabinets will fit properly.

Refrigerator Width: _____ Height: _____ Depth: _____

Dishwasher Width: _____ Height: _____ Depth: _____

Microwave Width: _____ Height: _____ Depth: _____

Stove Width: _____ Height: _____ Depth: _____

Wall Oven Width: _____ Height: _____ Depth: _____

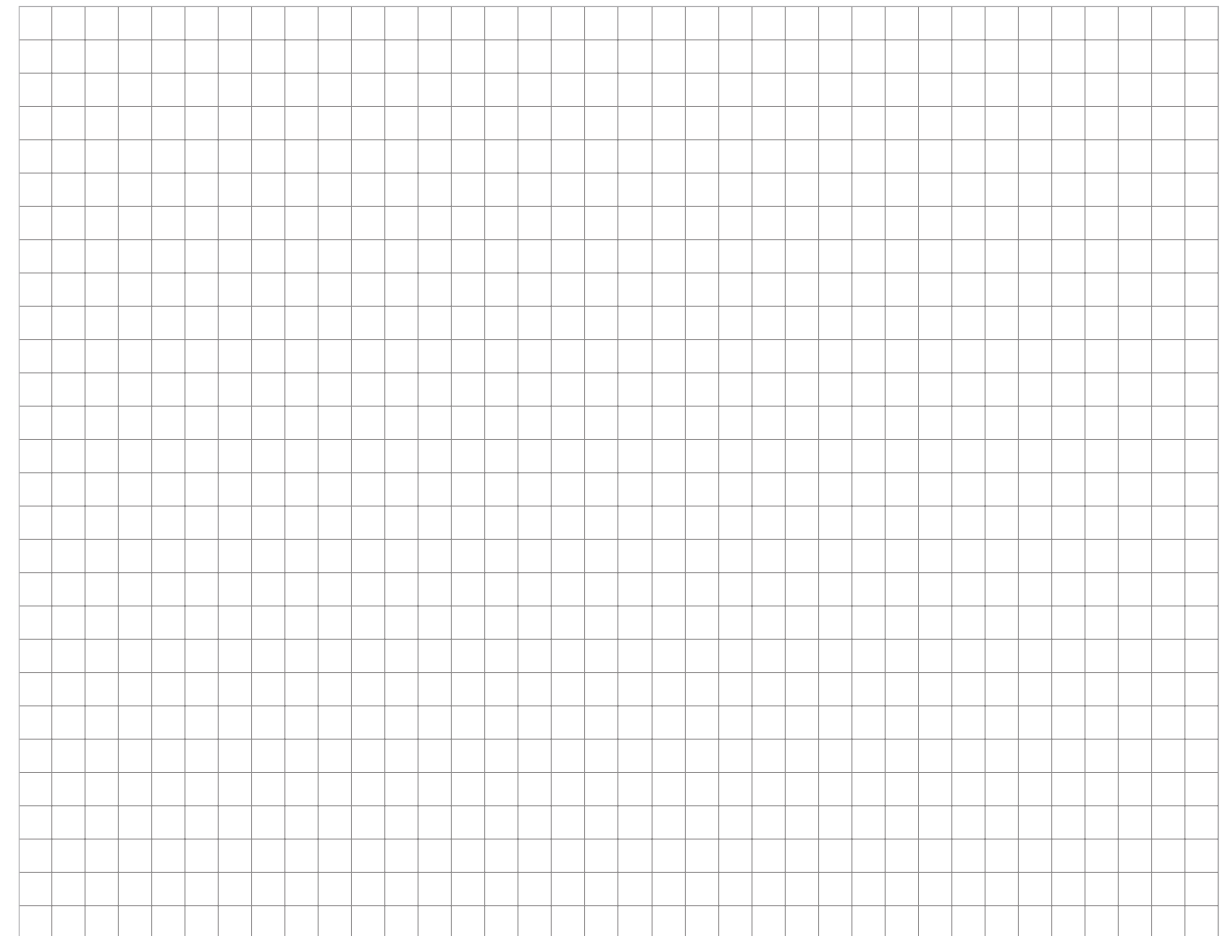

Oven Hood Width: _____ Height: _____ Depth: _____

Sink Width: _____ Height: _____ Depth: _____

Other Width: _____ Height: _____ Depth: _____

Step 2: Sketch your kitchen.

Draw a simple overhead view of your kitchen. Don't worry about exact dimensions just yet.
