-Point System- 2025/2026 points plus \$ was how we were going to progress ppl thru levels... but it is too many points- Suggestions?? Discussed and voted that we remove the money to points conversion system we currently have and just do a points system.

Tracking year end total points without the scores included. GTG class, if you win once you must be bumped up to 1K. A rider can win the 1K up to 2 times, after their 2nd win they must bump up in divisions. Ric motioned, Elane D 2nd, All in favor and voted yes.

Reminder-

*Rule Review:

-There must be three or more entries for each class for that class's points to count for year end awards. Ex: 3 entries show 1, good -2 entries show two, no points towards awards, -show three 2 entries- no awards for year end

-Meeting concluded: @7:11pm.
