(Pull Rod-threaded shaft, Bush)

Our Quality Assurance

Quality is the prime priority for our firm and for maintaining this, we pay high attention towards the products offered by us. All our manufactured and sourced products conform their adherence with the industry set guidelines and standards. Moreover, a team of quality analyzers is recruited by us for examining our entire range.

Following are the grounds on the basis of which our products are tested:

- 1-Dimensional accuracy.
- 2-Finishing.
- 3-Durability.

Thank You.
