

Major References for Engraver's Choice

Al's Sport Shop

Joe Braga has always responded to our engraving and technical needs in a straight forward and professional way. His ability to impart his knowledge of both hardware and software issues sets him apart from his peers. Engraver's Choice is very competitive in their pricing structure and I would highly recommend his services to those in my profession.

Joe Braga has been our service rep since we purchased our laser more than 15 years ago. He has more than serviced us well throughout that entire time and continues to do so. There has never been a time that we've needed him that he hasn't been immediately available on the phone and has always been able to help, even when in the middle of an important job. When he has come out to our shop he has been professional, friendly, and always left with everything updated and in working order. We have referred Joe to several of our business friends and they have also been pleased with his service and obvious expertise.

RE: Engraver's Choice

Joe & Cher Braga

Xenotech owner

I have been a customer of Engraver's Choice for over 8 years. During that time, Joe has provided installation, training, sales, service repairs and tune-ups, and support for my rotary and laser engravers. In addition, he has provided training and support on Corel-Draw. His knowledge of both the hardware and software is outstanding and it enables his support to be available on and off-site. Whenever possible, he can diagnose and fix problems without being present which allows same day service regardless of where he is at. Cher is also an expert in the industry, having hands-on experience in running her own engraving business and assisting others with training and sales. Both Joe and Cher are appreciated for what they have done to support my business over the years.

Joe Braga has been assisting our business, A&B Creative Trophies, with technical support for over 15 years. We have always appreciated and been impressed with his quick response time, as well as his ability to trouble shoot our equipment over the phone, or through remote access of our computer. Mr. Braga has always offered our business reasonable prices for his services. I would highly recommend his service to others. Joe is very pleasant to deal with and he knows his stuff!

Thomas Swan Signs

Joe Braga has proven to be a valuable resource for Thomas Swan Sign Company. He has been able to make helpful suggestions for streamlining our manufacturing and has shown himself to be very knowledgeable concerning the equipment we use and the software we use to run it. His training program is well thought-out, well-designed and very informative. I think that any individual or company working with CNC machinery will benefit from Joe's experience and training.

Awardline Trophies

Cindy Tamanaha,

We have a trophy business in Hawaii, and have purchased three laser engraving machines from Joe Braga over the years. He has provided excellent service at a fair price whenever a problem arose, and he spent the time to explain what was needed to fix the problem. He was almost always reachable, even with our time difference. We were always notified in advance when he would be in Hawaii, and could arrange for his tune-ups on our machines. We would not have purchased the 2nd and 3rd laser, if not for Joe's knowledgeable and friendly service.

Motivision Corporate Awards, Inc

To whom it may concern:

I am Adrienne Parker with Motivision Corporate Awards, Inc. We have been working with Joe Braga of Engravers Choice since 1999. He has been responsible for all servicing and upgrades on all four of our engravers. We currently have three Xenetech rotary engravers as well as an Epilog CO2 laser engraver. Joe has been the only one to work on this equipment since purchased. He has kept them extremely dependable throughout the years.

Engravers Choice is always very responsive when we call with questions or need something technical. They have always been very dependable and work well with our entire staff.

We are currently in the process of streamlining our production area and Joe will be a valuable asset in this process and his input is a key factor in completing this process. Joe's expertise and experience will be heavily relied upon.

Epilog, Ikonics and Xenetech Owners

Sincerely,

Adrienne Parker

Innovation Specialists

Hi Joe,

I think it's time to give you all the appreciation for everything you did to us in order to keep and grow our business. It's been a while –probably more than 15 years- since we start our cooperation and you really helped us to improve our engraving department and later on our sand etching operation.

You are a very professional person and I would like to thank you again for all your support and I'm looking forward to work with you.

Xenotech, ULS, Ikonics & FlexiCam Owner

Naval Hospital Camp Pendleton

I have known Mr. Joseph Braga for 20 years and he has always given Great service on time and with Great care. Joe has consistently given that extra 100 percent and has been my most trusted source for everything I have needed for my sign shop.

The knowledge that Joe has is far beyond any regular sign maker or vendor in the business and he will willingly share this knowledge as needed to keep his customers and their machines working. Everyone that knows Joe can call him and he will work with them and give them the service they need and at a Fair market cost.

Signs Get You Where You Want To Go...

MKTGINC

Joe's dedication to his work is unmatched. I've only been working with him for a couple of months, but I can honestly say he's one of the most reliable and helpful people I've ever worked with. I've been in countless jams, dealing with tough deadlines, but Joe always finds a way to come through and steer the project in a successful direction. I've yet to come across a river that Joe's skills couldn't help me get across.

We're for real.

Beatwear, Inc.

To whom it may concern,

Joe Braga from Engravers Choice has been my engraving support Technician for over 7 years. He has always provided my company with excellent support as well as tips to increase efficiency. If I personally was not available he graciously walked my employees through any technical issues they were experiencing. On a few occasions we needed Joe to come up to our business for on-site training and support. His pricing has been fair and consistent every time. His knowledge and expertise have been very helpful to our organization. If asked, I would highly recommend Joe for any engraving sales or technical support.

Crown Trophy 40, Valencia, Ca.

To whom it may Concern,

Joe has been a good friend and Technician, as well as a great Trainer for the Xenetech Software, and of course CorelDraw. His Video Packages for both XGW and Corel have been very useful to my Crown Operation and other Crown Owners have told me the same time. He helps with whatever he can weather he sold the equipment to me or not. I can highly recommend Engraver's Choice to all Trophy and Sign Shops...

Hani Abraham

Xenetech, Rayist and Trotec Owner

AAA Awards, Mission Viejo, CA.

Hi Joe:

Just a quick note to say "Thank You" for the outstanding service you have provided on my equipment over the past ten plus years. When I initially took over this shop, my equipment was in poor condition and you kept that old Wizard working well beyond its years.

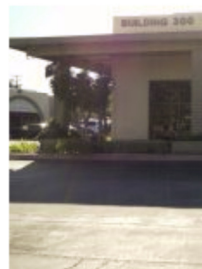

With regards to equipment purchases, you pressed pretty hard for that first sale of the 16x25 to me as an additional engraver for the shop emphasizing that the H-Square had just about seen it's day. I was quite skeptical about making that investment however you hit the nail on the head. When that H-Square started smoking and the wires looked like small candle on a birthday cake, I had to admit that I was glad that you convinced me to make that purchase. I held out on the Laser purchase for quite a while before you emphasized that addition would be a move in the right direction for expansion.

As far as service goes, I have to admit that I have been extremely pleased with your billings for the quick and efficient service you have provided. Being readily available in person as you have been on short notice or having walked me through some minor fixes on the phone that were major problems for me and which would have affected my production, sales, customer rapport and the ability to get the finished product completed on a timely basis for an deadline, I want to Thank You again.

In conclusion, you may be in sales and service as a rep however you're a silent part of my business that tends to be overlooked and go totally unnoticed until the equipment needs to be serviced quickly.

Xenotech, Dahlgren and H-Square Owner

Best Regards,
Bob Rypel
