

Major References for Engraver's Choice

Mary Sullivan, Kern Trophy

Joe has always been able to handle any problem I have had with any of my equipment or computers. He always takes my call and has never rushed to get off the phone. He handles the problem from start to finish and gets me back in production quickly. He is aware that time is money and does what ever he can to fix my problems.

Engraver's Choice

[Awards by Paul](#)

President at Awards By Paul

Joe has a thorough working knowledge of the machinery and software that we needed for our production and whenever we had any technical issues, he was able to fix them on a timely manner. We relied upon his knowledge heavily because when our machines would have any kind of glitch, they needed to be fixed right away.

Craig Colling <CraigColling@AscentiumCapital.com>

Joe is an expert in the laser engraving business and I would recommend Joe to any business looking to add or replace commercial equipment. Joe is a true consultant, advising his clients on the right machine products and ways to market their business services. I have worked with Joe on many transactions with mutual clients; he is the best in the business.

July 9, 2013, Craig was with another company when working with Joe at CheckMate Lasers by LECME, inc.

Joe's expertise is superior with any piece of engraving equipment that I have had. He always solved the problem and was patient and extremely helpful whenever I called him with what was often my own "numb-nut" syndrome. Whenever he's been on-site at my shop, he's been on time and quickly solved any problems with my equipment. I would recommend his quality and work ethic to anyone lucky enough to have him. Thank you Joe

Can Do Engraving & Specialties

Xenetech, We wanted to thank you for all you've done for us with getting the laser to us! We do love it....you were right! Something I just want you to know is that the training we had with Joe Braga was so amazing learning what the software really does! I know he is really good at CorelDraw, as well, but even when I have a question about Xenetech, I can call Joe as a machine technician with my Xenetech question. Now that Xenetech started charging for help on the phone and I didn't have anywhere else to turn, but Joe did not charge anything. I just want to let you know that I'm grateful that Xenetech has allowed Joe to be our rep so that we really don't have to deal with everyone else at all anymore. I just think you should know what is happening on "our" end of things. Anyway, to stop talking and end on a good note, thank you again for your help in our "long ordeal" is over because of Joe and his great customer support!

To whom it may concern,

Joe Braga and I met over 2 years ago and there is nobody in the industry that I trust more. All of our equipment is Xenetech and everything was purchased through Joe. His service and the prices he charges are competitive. His service after the sale has been unmatched and I highly recommend him for all of your engraving needs.

Gold Coast Awards

To whom it may concern,

As the Owner of Gold Coast Awards I have had the honor and privilege of working with Joe & Cher Braga of Engraver's Choice for the last 7 year s. I appreciate the excellent service they have given my company both on the phone and in person. There have been several times when I needed to answer engraving questions and they have always responded in a quick and courteous manner. They have also given us excellent service on our Xenetech engraver. I consider Joe and Cher to be my engraving experts. They are very knowledgeable and are an asset to the awards industry.

We have had a great working relationship with Joe from Engravers Choice. He has always been prompt in his service, fair in his pricing, and has always looked out for what would help our business. We have greatly relied on his expertise and quick diagnosis' of our issues which has helped us work through problems we have had with little to almost no down time. This has made our business run smoothly and has helped our productivity as well as kept our expenses down. We would recommend Joe and his vast expertise for large business to small shops alike.

Cliffhanger Signs

Joe & Cher Braga, of Engraver's Choice, have been a "god- send" for certain! Our location is in a remote area in Southern Canada, so we are accustomed to having to wait for service, supplies and technicians. Getting anything fast is rarely an option, but Joe & Cher have been the exception. No matter when I need them, they are there. In fact they have told me that they are just a phone call away at any time, and they have proven that statement to be true, and have went way above and beyond any service agreement in place. Over the years I am very pleased to consider them not only business associates, but more importantly, *friends*. Their knowledge base and willingness to share is nothing short of remarkable.
