# Hello,

I'm Jessi. I love meeting new people, dogs, driving my school bus camper, coffee, music, having fun, self love/care and all things hair, makeup, beauty and wellness - especially weddings!

Most days there is something that makes me think of something wedding related. A person, a hairstyle, a dress, the shoes, venues...the list goes on and on!

*It isn't just a passion - it's an obsession!*

**Why? Because weddings are MAGICAL ☆**

You can literally talk to anyone around you who will think the same. We want all of our clients to enjoy their wedding experience and strive to bring their hair and makeup vision to life.

**Beauty is on the inside but who says you can't have awesome hair and makeup too!?**

## *Why I created the bridal team...*

**I created the bridal team because it made me so sad to keep seeing beautiful brides being let down continuously. When you book a Hair or Makeup artist for your big day you expect them to turn up. To keep in touch. To be accomodating and to do a good job!**

*I'm not saying that all Hair and Makeup Artists are the Devil, or have the same low standards. All I knew was that I wanted to set a standard within the industry and make a Bride's life easier by providing an entire service.*

**I was thrown into the industry after realizing there was no one else upholding the same standards that I have. The wedding venues KEPT calling us!**

*I have worked in various places before I put together my own staff, so when we went full force into the wedding industry I knew I wanted to be the BEST!*

**The only way to do that is to respect our brides, and treat them how they deserve to be treated. So that's what we've been doing since 2015 ❤️**

## *Hello Beautiful,*

**Everyone has priorities, we understand this and we also don't want to pressure you.**

If you want to book us for your entire Bridal party - *Great!* If you realize that you want your mom, nan and some extra guests to have a beautifying experience but you're already locked in with another artist - *No Problem.*

**What we are trying to say is that we wholeheartedly believe that investing in your hair and makeup is an important part of your big day. Your pictures will be something you keep forever (so you need to feel happy with how you look!)**

If you're frequently stressing about how you are going to look, freaking out that you're no good with makeup, and you don't know what style will suit - that's what we're here for!
