Creating Mobility for Children with Special Needs

THIRTY FOUR TRYKES PROVIDED IN 2018!

Thanks to the generous donations from many individuals and organizations, NorCal Trykers provided 34 trykes to kids with special needs in 2018. These amazing kids ranged from 3 to 19 years old, with disabilities like Charge Syndrome, Autism, Cerebral Palsy, Global Development Delay, Microcephaly, Genetic Mutations or Deletions, Epilepsy, Down Syndrome, Muscular Dystrophy, etc. Their new Trykes are changing their lives by strengthening their muscles, increasing their ability to interact with their families and the friends and by giving them an opportunity to go outside and have fun!

FUN AT THE FALL FESTIVAL CELEBRATION

Thanks to Kim Eichorn for sponsoring the first Fall Festival Celebration at the Sudwerk Brewery on October 20th. Sudwerk donated a portion of their beer sales, and the proceeds from a silent auction and raffle brought in over \$2500 that will go toward the purchase of two or more specialized AMTRYKE tricycles for kids with special needs.

It was a fun evening for all with face painting and games for kids and fantastic beer for the adults.

12 TRYKES DONATED TO LOCAL KIDS BY KIWANIS CLUBS OF WOODLAND, DAVIS AND EAST SACRAMENTO IN 2018.

The mission of Kiwanis is to help kids around the world. Local clubs look out for their communities and lead service projects to improve the lives of children. In 2018, NorCal Trykers proudly worked with the Woodland, Davis and Sacramento chapters to provide 11 trykes to local kids with special needs.

The Woodland chapter assembled and donated three trykes in May and three more in October; the Sacramento chapter donated two trykes in October and two more in December; The Davis chapter donated two trykes in November.

Woodland Kiwanis has pledged the proceeds from their 2018 Poker Tournament to NorCal Trykers to purchase more trykes for amazing kids in 2019.
