

2022 Impact Report

It all started with a brain tumor and a promise.

Seven years ago, I was diagnosed with a massive, braincrushing Meningioma. After learning that I needed emergency surgery and may not survive the night, a nurse asked me if I needed anything. All I could think to ask for was a dog. A volunteer with a small Corgi arrived, and as I wrapped my arms around him; I felt peace. I promised that if I survived, I would pay that gift forward. When I later learned that I had a future, I thought, if a small dog could have that powerful an impact, imagine what a giant dog could do! That promise led to Patti Sutherland, Benita Edds of TimberKnoll Newfoundlands, and my first Therapy Newfie, Chewie. TimberKnolls Spirit Cove was born. We became a 501c3 in 2018, and our Newfoundland therapy teams began spreading hope and healing to people overcoming illness, trauma, and substance abuse.

Through the compassion of our volunteers and our generous supporters, we've been able to help over 75,500 people since.

Lisa Schiffer
Co-Founder/President

28,429 people supported

Provided trauma relief for **7,711** local heroes

Spreading Hope and Healing

2020 10,3552021 24,1972022 28,429

With just one Newfie visit, Patients' mood & disposition increase by 37%

69 Registered Newfie Therapy teams 156 teams in training!

Therapy teams helping people in NC, SC, TN. CO, CT, MA, NJ, NY, GA, IL, MI, MO, IN, VA, OH, PA, AL

33,453 Volunteer Hours

8218
Hospitalized
Patients
supported

A student went missing and was later found dead on campus. We built a therapy team, to help students heal from the trauma. Tears flowed, and hearts healed.

In 2022
Newfie Therapy
teams helped more than
1630 First Responders.and
1400 Veterans

Providing trauma & relief

to more than 11,700 healthcare heroes!
