WALKING IN AMERICAN COMFORT

**RECOVER
STRONGER**

RECOVER STRONGER WITH EVASOL FOAM

NuuSol footwear is made from a unique blend of E.V.A. material called EVASOL foam. EVASOL is super lightweight and provides a soft feel, with a noticeable bounce-back. The contoured footbed has the perfect arch support accentuated by a deep heel cup that promotes good posture, and all day pain relief.

MADE IN USA WITH 6 MONTH WARRANTY

Proudly manufactured in the U.S. with the highest quality standards.

ANTI-MICROBIAL

The non-porous foam provides protection from bacteria, fungus, and stinky feet.

SLIP RESISTANT

Walk with confidence on a slip resistant outsole.

WATERPROOF AND BUOYANT

They float, and they will not soak up any water or liquids

They say necessity is the mother of invention. Well that holds true with NuuSol, as our largest production contract abruptly ended in 2017. The thought was, why can't we do this ourselves? We worked tirelessly designing NuuSol from scratch, clinging to 4 simple rules: **MAKE IT COMFORTABLE, MAKE IT FASHIONABLE** (yes, you can have both), **MAKE IT AFFORDABLE**, and **MAKE IT IN THE U.S.A.** In the fall of 2018, NuuSol was born, and every integral aspect of production has been planned and executed to achieve our four core principals.

The manufacturing facility in Ontario, Oregon, and the fulfillment center in Nampa, Idaho both provide a steady increase of jobs for the community. Being a part of this community our whole lives, we are very proud of our current footprint, and excited for future growth. Thank you for being a part of our growing brand.

Sincerely,

Chance Stevenson - President/Owner

Deep in the heart of Idaho is a town called Cascade, home to less than 1,000 residents. Surrounding Cascade are high mountains full of evergreen trees, beautiful blue lakes, and some of Idaho's most unique wildlife. As a tribute to one of our favorite places in Idaho, we named our first NuSol product the Cascade.

The Stanley, our mens slide, spotlights another noteworthy town in Idaho. Stanley is one of the last strongholds of the Idaho frontier; It is considered timeless, pristine, and planted at the foot of the Sawtooth Mountains on the banks of the Salmon River.
