

President's Corner:

CONTRACT UPDATE 2025:

We are still waiting for final hardcopies of the new contract.

We do however have a link on our website under “For Members” tab titled “FAQ 2025 CONTRACT” which gives you answers on some questions that were being asked by members about the 2025 contract. The final paper or digital form of the contract has not been released to the field as of to date.

Once we receive the digital version of the contract we will post on our local CWA6201 website and provide a link for you to be able to download your own copy.

For those who have signed up for our “push notification emails” you will receive an update when we have to documents.

“The RMC is about serious business”

Good Friday Morning RMC. We had a very hard rain this morning and driving was risky as the rain was hard and pouring down fast. Thankful for the rain but the weather like everything else has changed.

Last week Cindy and I went to Pittsburg for our RMC Council Board that completed before the CWA Convention. It was well attended and we were able to visit with retirees from all over the nation. We share and learn about others issues and over the countr. We are all facing common problems and declining memberships in our Chapters due to deaths, illnesses, travel, isolation in rural areas. Loss of home phones and tech challenges due to Zoom calls and location of where to find them. ATT has 500,000 thousand retirees. Once they leave payroll and off dues check off list we can't find many of them or may have never met them we have been retired so long.

In our Fort Worth Chapter we are fortunate to maintain a stead 25 to 30 monthly. Our retirees are mostly seniors in age. That only gets more difficult. The attendance in retirees is better than the current membership in active workers in our local, so we all have our work cut out for us.

Any one currently or recently retired reading this please come join with us. Many of us still pay our dues and support your fight because labor unions are under attack by DC.

We really do need one another. Priscilla.

Thanks
Priscilla Brown
