

Stones of Hekate's Cave Index

1. Triformis – fluorite for learning and expanding awareness.
2. Drakaina – amethyst, which is an excellent helper for awakening the soul, especially good for encouraging meditation.
3. Enodia – smoky quartz as a talisman symbolic of transitions.
4. Propylaia – rose quartz, to activate strong back, soft front.
5. Chthonia – black obsidian is such a powerhouse of release, cleansing, and support.
6. Borborophorba – for protection and endurance during the catharsis process, red jasper.
7. Lampadios – tiger's eye for balance, illumination, and prosperity.
8. Skotia – in the deepest dark of the cave, clear quartz brings clarity of vision and purpose, and unifies the energy of the previous stones into a harmonious field.
9. Psychopomp – mysterious shungite is amazing for soul retrieval, because it works at the root in a granular way, creating space and absorbing the returning soul shards.
10. Paionios – self-acceptance and healing, especially the relational kind, are superpowers of rhodochrosite, the stone for our time with The Healer archetype.
11. Rixipyle – the liberating energy of The Chain Breaker can have us in a tizzy, garnet calms us down, stabilizing the body, mind, and soul.
12. Anassa Eneroi – rainbow moonstone is ideal for rebirth and our initiation into the mysteries of the cave. Rainbow moonstone brings joy, offers protection, and is stunningly gorgeous. A perfect symbol for completing the journey and being reborn into our unique wholeness.
13. Kore – selenite helps keep us in alignment as we emerge into our new life. A wand is especially useful.
