**Upon completing this course, you will become a certified Everything DiSC Practitioner!**

The Everything DiSC® Certification program equips facilitators with the skills to deliver engaging and impactful DiSC® learning experiences that foster better collaboration among individuals. This comprehensive course offers a well-rounded exploration of the Everything DiSC framework, providing both foundational principles and practical applications through various activities and exercises.

**About the Everything DiSC® Certification Program**

The Everything DiSC® Certification program prepares professionals to facilitate effective DiSC® learning experiences that enhance teamwork and collaboration. This course teaches the core principles of Everything DiSC through hands-on applications and diverse activities.

In this immersive two-week program, which blends live, instructor-led sessions via Zoom with independent online study, participants will:

- Expand their knowledge of the DiSC® model, its underlying theory, research, and key concepts.
- Learn how to design custom solutions and deliver meaningful DiSC experiences using the Everything DiSC® on Catalyst™ platform.
- Become proficient with the full range of Everything DiSC tools and applications.
- Practice facilitation and coaching techniques while receiving constructive feedback in a supportive setting.
- Maintain ongoing access to Wiley’s online training hub, where trainers can revisit course materials and engage with peers and education experts.

After successfully completing the coursework and achieving a score of 80% or higher on the final exam, participants will earn the designation of Everything DiSC Certified Practitioner, demonstrating their expertise in fostering high-performing, collaborative teams using the DiSC model.
