“Making A Difference In Education Together”

ARTIFICIAL INTELLIGENCE PROFESSIONAL DEVELOPMENT WORKSHOP SERIES

LET US HELP YOUR TEACHERS BECOME MORE “AI” PROFICIENT!

- **Foundations of AI**
- **AI Ethics & Policy**
- **AI In Your Classroom**

PRESENTED BY REBECCA BULTSMA

Ms. Rebecca Bultsma is an international AI trainer, presenter, ethicist, and researcher, renowned for her expertise in educating thousands of professionals about the fundamentals and risks of artificial intelligence. Her work focuses on enhancing GenAI literacy and advocating for the ethical and responsible adoption of AI technologies, particularly in education, and she regularly contributes to various ethics committees and expert panels to foster responsible AI adoption. Every session includes a digital resource package for participants, things like key frameworks, a curated AI tools list with honest reviews, discussion prompts, and reflection questions they can use with their teams the next day. A monthly drop in QA session is also offered. Attendees can choose to make use of the sessions if they choose.
