

Fentanyl and Counterfeit Pills

Education and Awareness

Arizona youth and young adults are overdosing at an alarming rate from fentanyl and counterfeit pills laced with fentanyl. Coalition leaders across Arizona created the resources in this section to aid communities in preventing and reversing this deadly trend.

This section of the toolkit is divided into education and awareness. In each section, resources are available to be customized and used in the communities that each coalition serves.

Educational Resources Include:

- PowerPoint presentations with presenter script
 - Snapchat
 - Fentanyl and counterfeit pills
- Fentanyl and counterfeit pills fact sheets
- Postcards
- Door hangers
- Flyers
- Guides for parents on support, treatment, intervention, and continuing care

Awareness Resources Accessed Online at SACLaz.org:

- Radio public service messages
- Video public service messages
- Social media posts - Instagram and Facebook

Updates and new additions to the toolkit will continue to be made. To find the most up to date materials and new products available in this section, please visit SACLaz.org. If you have questions, please e-mail info@saclaz.org.
