

Competitive Soccer Done The Right Way

Who We Are

The Roseville Youth Soccer Premier Program is a 12-month soccer program. Our licensed and dedicated volunteer coaches work with the team weekly, focusing on development of technical skills and tactical awareness, and sharing their passion for the sport of soccer.

Our program helps children and youth experience the benefits of competitive soccer in an environment that encourages strong character and good values. Development and experience over wins and losses.

Roseville Premier Teams are the competitive teams that represent the Roseville Youth Soccer Club. Our team is made up of dedicated players who are passionate about the game of soccer and who work hard all season long to not only become better soccer players but to build their self-confidence and create a sense of pride for the local community.
