

Controlled Aggression Seminars

E-Collar Integration for Police K9 Obedience, Aggression Control and Drive Capping Tarheel Canine Training Inc. Sanford NC May 6-8, 2025

This class will take place over 3 days, 24 hours of instruction, and be open to Law Enforcement K-9 handlers, trainers and supervisors. The class will be open to up to 15 handler/dog teams. The class will comprise both classroom instruction and practical work. Classroom work will cover learning theory as applied to E-collar technology, including the use of low-level stimulation, negative reinforcement, and transitions to proper corrections. We will explain how E-collars function, and how to select the best one for different temperament types. A complete system for E-collar integration will be presented. We will focus our working sessions on obedience integration and applications to release on command, tactical removal and control work including recalls and distance control (forward down & clear down cover).

- Learn a system for integrating using the E-Collar.
- Learn progressive methods for integrating the E-Collar into maintaining obedience & aggression control.
- Learn directional control exercises including send out, casting (Land R) and Back.
- Integrate E-Collar into directional control work.
- Learn to shape forward downs, and control work (outs and recalls), and integrate E-Collar into these key behaviors.
- Integrate E-Collar in building search and Area Search using Clear – Down -Cover.
- Use E-Collar for drive capping to eliminate leaking.
