

**High Risk K9 Deployments
Waco Police Department
Waco TX
March 23-25, 2026**

This class will take place over 3 days, 24 hours of instruction, and be open to Law Enforcement K-9 handlers and supervisors. The class will be open to maximum of 10 handler/dog teams. Limited number of auditors (5). The class will comprise both classroom instruction and practical training. Classroom work will cover building and area search dynamics, targeting systems (hand signals) and Laser, tactical approaches to deployments. Practical Scenarios using trained police dogs in building/area searches, felony vehicle stops, and other scenario based high risk applications as indicated. Instruction will also cover the tactics of integration of K9 teams with back-up officers in high risk scenarios. The methods taught in this seminar allow for safer approaches to high-risk deployments, easier integration into tactical units, and significantly reduced liability exposure. Additionally, we will cover the progressive use of e-technology for capping and distance control of K9s both in training and under deployment. The host agency will provide decoys and designated back-up officers.

Participants will:

- Learn targeting systems hand signals and Laser (time permitting).
- Learn progressive methods for deploying in high-risk scenarios
- Deploy in building search, area search, and felony vehicle stops, and other high risk scenarios.
- Debrief performances and learn drills to address deficiencies.
- Learn how to achieve fundamental training goals while practicing common high risk scenarios.
- Learn integration of K9 Patrol Teams with back-up teams, communication, safety, and control.
- Deploy in Muzzle (prior muzzle conditioning required).
- Apply use of e-technology for distance control during deployments (prior e-collar conditioning required).
