

FirstInSim Privacy Policy

Effective Date: June 2026

Information We Collect

We may collect account information, email addresses, subscription details, user-generated scenarios, device information, analytics, crash logs, and support communications.

Location Information

The App may use location data and address searches to provide mapping and simulation functionality.

How We Use Information

Information is used to operate the App, process subscriptions, improve performance, provide support, maintain security, and develop new features.

Analytics

We may collect anonymous usage and diagnostic data to improve the App.

Sharing of Information

We do not sell personal information. Information may be shared with service providers, hosting providers, analytics providers, mapping providers, and legal authorities when required.

Data Retention

Information is retained only as long as necessary to provide services, comply with legal obligations, and resolve disputes.

User Content

Simulation content remains owned by the user and is stored solely to provide App functionality.

Security

We implement reasonable safeguards but cannot guarantee absolute security.

Children's Privacy

The App is not directed to children under 13.

Your Rights

Depending on applicable law, users may request access, correction, deletion, or portability of their personal information.

Third-Party Services

Third-party providers may have their own privacy policies governing their services.

Changes to This Policy

We may update this policy periodically. Continued use indicates acceptance of revisions.
