

## Tour Accessories

**We do our very best to think ahead and cover every eventuality while we're on the road together — so you can sit back, relax, and enjoy the journey in comfort, safety and good health.**

To help make your journey as comfortable, convenient, and enjoyable as possible, a thoughtful selection of onboard accessories is available for your use throughout the tour.

These complimentary items are carried on most tours and are there to ensure you feel relaxed, refreshed, and well-prepared—whatever the day may bring.

**Please note:** due to space limitations, availability may be reduced for groups of more than four adults.
