Gulf Advance establishment is providing its customers with the high quality Services.

Introduction

About Us

Gulf Advance Gen. Contracting Est. emerged as one of the most renowned general contracting & Trading firms in Al-Khobar and has grown to a multidimensional engineering company providing complete solutions to the construction industry. We have proven our ability in taking large, complex industrial, commercial, institutional and multi, unit residential projects across Kingdom and complete them on time on budget and at the highest levels of quality.

We offer contracting services and engineering procurement to the highest of the standards that aims to inspire our service and leadership. Over the years we have developed multifaceted systems and procedures to ensure control over cost, quality, schedule, scope & safety. Many of the engineering and construction projects executed by us have set new milestones in terms of scale, sophistication and timely execution.

GAC believes in delivering unparalleled construction management service tailored to our customer's unique and individual needs. Much of our business has been with repeat customers indicating the faith placed in our experience, expertise and service during all phases of a project.

Our company is well equipped with in-house infrastructure capabilities and capacities plus an added functionality of data warehouse comprising a comprehensive stock of raw material and finished products. Backed by a strong work force of skilled, experienced and qualified employees, **G.A.C** is geared to meet the challenging winds of change.

Gulf Advance establishment is providing its customers with the high quality Services.
