

## Fun Day Scramble

Please show up 30 minutes prior to the event start time.

Each team will consist of 3 members (1 from Flight I, 1 from Flight II, 1 from Flight III or IV)

Every member of each team will hit each shot. You must use 2 drives from each member front and back. After everyone has hit, the team will decide which ball they want to use. Each team member will drop a ball at that spot and hit. This will continue until the team has completed the hole.

List each member on the score card and one total score. Mark which person's drive is used on the scorecard.
