WHAT IS ANITAHACKS ?

AnitaHacks is a 12 hour all girls hackathon run by the GWC of SFHS. It brings together students from across the Bay Area to solve problems and challenges which exist in our world today. This event will take place during summer 2019 on the Netflix campus. We estimate to have approximately 100 students attending our event.

WHY SPONSOR ANITAHACKS ?

AnitaHacks is organized by a team of highschool students, all of whom are passionate about computer programming. AnitaHacks is taking a step towards ending the gender gap in the technology field by promoting women's involvement in STEM. If you choose to sponsor us and contribute to our cause, you will help encourage young girls to get engaged in a field dominated by men. In addition, sponsoring AnitaHacks will give your company the opportunity to advertise its brand to a new generation of leaders.

WHERE WILL YOUR MONEY GO?

The money provided will be directed towards financing swag, prizes, and any other items needed to make AnitaHacks a success.
