

Rhode Island Field Archery Association 2022 Outdoor Shoot Schedule

This season all shoots except the July 10th shoot will be returning to the traditional & official 112 arrow field round which has distances from 20 feet to 80 yards.

For the July 10th shoot, we will be doing an International Round, which is an official, NFAA outdoor round but is shorter, in both its distances and number of arrows, than the traditional field round. There have been some people suggesting we try it, so this year, we'll do that on July 10th. The International Round is 60 arrows with distances from 20 yards to 65 yards. This shoot will have a special, introductory, reduced fee (see below).
